

Shoal Creek Trunk Sewer Improvement Project: February 27, 2026

As part of DeKalb County's \$4.27 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the watershed systems serving your community. The **Shoal Creek Trunk Sewer Improvement Project** is being designed to improve the watershed system in your community.

Residents, business owners, and stakeholders previously had the opportunity to learn more about the **Shoal Creek Trunk Sewer Replacement Project**, interact with the project team and provide feedback.

The county hosted **two (2) Public Information Open House (PIOH)** events about this project. Both events presented the same information.

Meeting Dates & Times:

Tuesday, November 14
4:30 - 7:30 p.m.
DeKalb County Government Facility
180 Sams St.,
Decatur, GA 30030

Thursday, November 16
4:30 - 7:30 p.m.
Community Achievement Center
4522 Flat Shoals Parkway
Decatur, GA

Additionally, the county held two (2) informational meetings about the project specifically tailored to the Midway Woods and Cherry Ridge communities. The Midway Woods meeting took place virtually and the Cherry Ridge meeting occurred in person.

Meeting Dates & Times:

Tuesday, August 19
6:00 p.m.
Via Zoom

Tuesday, October 1
5:00 - 7:00 p.m.
Cherry Ridge Clubhouse
3571 Cherry Ridge Blvd.,
Decatur, GA 30034

The Shoal Creek Trunk Sewer Replacement Project will address repeat sanitary sewer overflow areas and help meet future sewer demands for the next 50 years.

The project is expected to begin in 2026 and last approximately three years, barring any unforeseen circumstances and weather delays.

Atkins, working on behalf of DeKalb County, is the engineering and design company for the Shoal Creek Trunk Sewer Replacement Project. Should you have any questions or concerns about this project, please email shoalcreektrunksewer@dekalbcountyga.gov.

We appreciate your support as we work diligently to improve DeKalb County's watershed system.
