ATLANTA, GA

As part of DeKalb County's \$4.27 billion Capital Improvement Program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community with Phase II of the Peachtree Boulevard Water Transmission Main Replacement Project.

This letter serves as formal notification that construction activities continue with Phase II, which runs along the northbound side of Peachtree Boulevard from Malone Drive to Carver Drive. A virtual community meeting about the project will be held on **Thursday, Jan. 29 at 6:30 p.m.** via Zoom at:  
<https://dekalbcountyga.zoom.us/j/86001516874>.

Please be advised to expect an **increase in construction-related noise and traffic during work hours**, which will be from **9 a.m. to 4 p.m., Monday through Friday, excluding major holidays**. Property owners will be notified 48 to 72 hours prior to the start of impactful construction activities. Our construction crews will work diligently to minimize the length of impact to residents and businesses. The 11,000 linear foot project is expected to be completed in December 2027.

**Ruby Collins**, working on behalf of DeKalb County, is the authorized contractor for the **Peachtree Boulevard Water Transmission Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Peachtree Boulevard Water Transmission Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email [projectinfo@dekalbcountyga.gov](mailto:projectinfo@dekalbcountyga.gov).

We appreciate your patience as we work diligently to make improvements to DeKalb County's water main system.
