Subject: Glendale III Water Main Replacement Project

Dear Resident/Homeowner,

As part of DeKalb County's \$4.27 billion capital improvement program, the Department of Watershed Management (DWM) is improving the capacity and service of the watershed systems serving your community with the **Glendale III Water Main Replacement Project**.

This letter serves as formal notification that construction activities associated with this project have begun. Crews are replacing approximately 11,800 linear feet of ductile iron water pipe on Celia Way, Midlawn Drive, Hamilton Road, Columbia Drive with other intersections impacted. This project is expected to last approximately one year (December 2025 to December 2026), barring any weather delays.

Normal construction hours will be from 7 a.m. to 7 p.m., Monday through Friday, excluding major holidays. An increase in construction-related noise and traffic during work hours should be expected.

Ruby-Collins, working on behalf of DeKalb County, is the authorized contractor for the **Glendale III Water Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Glendale III Water Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County's watershed system.

For more information, please attend our virtual community meeting on

Tuesday, Feb. 3 at 6:30 p.m.
