

Subject: DWM Contractors to Begin Peachtree Boulevard Water Transmission Main Replacement Project on July 7

Audience: Residents and Businesses

ATLANTA, GA

As part of DeKalb County's \$4.27 billion Capital Improvement Program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community.

This notice serves as formal notification that construction activities for the Peachtree Boulevard Water Transmission Main Replacement Project will begin **Monday, July 7, 2025**. Normal construction hours will be from **7 a.m. to 4 p.m. Monday through Friday, excluding major holidays**.

Please be advised to expect an **increase in construction-related noise and traffic during work hours**. Property owners will be notified 48 to 72 hours prior to the start of impactful construction activities. Our construction crews will work diligently to minimize the length of impact to residents and businesses as they replace 11,000 linear feet of an existing 30-inch carbon steel main with a 36-inch ductile iron pipe. Crews will also remove the 8-inch and 6-inch pipes running alongside the 30-inch pipe and replace them with 12-inch pipe. The project is expected to last approximately two and a half years, with construction completed in January 2028.

Ruby Collins, working on behalf of DeKalb County, is the authorized contractor for the **Peachtree Boulevard Water Transmission Main Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Peachtree Boulevard Water Transmission Main Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email projectinfo@dekalbcountyga.gov.

We appreciate your patience as we work diligently to make improvements to DeKalb County's water main system. For more information, please join our community meeting on:
