

# **PEACHTREE BOULEVARD WATER TRANSMISSION MAIN REPLACEMENT PROJECT**

## **Frequently Asked Questions**

### **Q. What is the purpose of the Peachtree Boulevard Water Transmission Main Replacement Project?**

A. The purpose of the Peachtree Boulevard Water Transmission Main Replacement Project is to improve water quality and replace deteriorating infrastructure to meet current and future water demands.

### **Q. When will the project begin and end?**

A. The project will begin Monday, July 7 and will take approximately two and a half years to complete, ending in January 2028.

### **Q. What will be the work hours during construction?**

A. Normal construction hours will be from 7 a.m. to 3 p.m., Monday through Friday, excluding major holidays. When school is out of session during summer, construction hours will be 7 a.m. to 4 p.m. In some cases, extended weekday hours, weekend work, or night work may be necessary.

### **Q. What are the phases of this project?**

A. The project is separated into three phases:

**Phase I:** Malone Drive (Peachtree Road to Peachtree Boulevard) and Peachtree Boulevard (Malone Drive to Miller Drive)

**Phase II:** Peachtree Boulevard (Miller Drive to Longview Drive)

**Phase III:** Peachtree Boulevard (Longview Drive through Carver Drive)

### **Q. Is my water safe to drink?**

A. Laboratory tests of this water have determined that despite the discoloration it is safe to drink.

### **Q. Who will be impacted by this project?**

A. Approximately 100 businesses, including apartment complexes, and travelers who use Peachtree Boulevard will be impacted by this project. The project area is in DeKalb County along the following streets:

- Malone Drive
- Peachtree Boulevard
- Carver Drive

### **Q. What work is planned during the Peachtree Boulevard Water Transmission Main Replacement Project?**

A. Crews will replace approximately 11,000 linear feet of an existing 30-inch carbon steel main with a 36-inch Ductile Iron main. Crews will also remove the 8-inch and 6-inch pipes running alongside the 30-inch

and replace them with 12-inch pipe.

## **Peachtree Boulevard Water Transmission Replacement Project FAQ – pg. 2**

### **Q. What impacts, if any, will construction have on traffic in the surrounding community?**

A. Traffic flaggers and project signage will be in place to guide motorists safely through the construction area for the duration of the project.

### **Q. Will the construction require heavy lighting that may be disruptive?**

A. The majority of the construction activities will be conducted during normal business hours of 7 a.m. to 3 p.m. (7 a.m. to 4 p.m. when school is out). If night work is needed, crews will use portable lights positioned to face away from any neighboring residences to eliminate any nuisances.

### **Q. Will I have to move my car if it's parked on the street during construction?**

A. Yes, property owners who live in the path of the construction site will receive notifications during designated construction days and hours. Residents may resume parking on the street after construction hours.

### **Q. Will this construction project cause noise in my community?**

A. For short periods of time construction noise may be caused by:

- Heavy equipment and construction truck traffic
- Material manipulation and storage
- Compacting
- Pavement Saw
- Jackhammering
- Drilling
- Excavation and backhoe
- Grading
- Paving
- Rock excavation

Crews will work diligently to eliminate construction-related noises before or after the scheduled construction hours.

### **Q. What damage or impact can we anticipate for the project?**

A. There will be impacts to landscaping, such as your grass, and to some driveways. In the roadway, concrete curbs may need to be removed to facilitate the construction. DWM requires the contractor to restore any properties crossed through to existing conditions or better. Landscaping would be provided for vegetation, bushes or shrubs that need to be replaced, and eventually, trees that were outside the permanent easement will be replaced with the county's permission.

### **Q. Will water be cut off during this work?**

A. We do not anticipate any long-term impacts to your water service. At most, we would need to cut off water on a particular date/time. You will be notified 48-72 hours in advance of any shutoff.
