

Subject: Peachtree Boulevard Water Transmission Main Replacement Project Update: Nov. 18, 2025

Dear Residents/Business Owners:

With the Thanksgiving holiday approaching, we want to provide you with an update on the Peachtree Boulevard Water Transmission Main Replacement Project. We are approximately a week behind on our estimated schedule, so the road should be open by Saturday, Dec. 6.

This week, Malone Drive will close to thru traffic at the Rail Trail crosswalk on both sides starting at noon on Thursday, Nov. 20. It will be re-opened on Sunday, Nov. 23. Thru Traffic will not be permitted. Crews will be working on Saturday, Nov. 22.

Peachtree Malone Lofts (PML)

During this time, access to the PML will remain an ENTRANCE ONLY from Peachtree Road via Chamblee Tucker. PML residents will continue to exit on Malone Drive, turning **right on Malone Drive**, left on Peachtree Road and left on Miller Road to return to Peachtree Boulevard.

Chamblee Senior Residences (CSR)

During this time, CSR residents who exit the property must turn left going toward the MARTA station. Entering the property will only be accessible from Peachtree Road and making a right on to Malone Drive.

Flaggers will be present to direct traffic.
