

Subject: Peachtree Boulevard Water Transmission Main Replacement Project Update: Nov. 25, 2025

Dear Residents/Business Owners:

Due to today's rain, the contractor was unable to complete the final paving along Peachtree Road. As a result, the County has authorized an extension of work hours on Wednesday, Nov. 26, allowing crews to work until 3 p.m. instead of noon as previously communicated. This extension will enable the contractor to complete all asphalt paving associated with Phase I of the project.

All work will remain within the designated road closure area, and flaggers will be onsite to assist with traffic control. Thank you for your understanding and cooperation.
