**Subject: Woodacres Water Main Replacement Project End of Construction Notice**

Dear Resident/Business Owner,

The DeKalb County Department of Watershed Management (DWM) is pleased to announce the completion of the Woodacres Water Main Replacement Project.

As a part of the project, designated contractor Ruby-Collins installed 4,105 linear feet (LF) of 8-inch ductile iron pipe. These completed improvements will ensure reliable water service in the Wakefield Forest neighborhood. Please be advised that the Clairmont Terrace Water Main Replacement Project continues to take place in the neighborhood.

Please contact the DWM Project Information Line at 1-800-986-1108 or email [projectinfo@dekalbcountyga.gov](mailto:projectinfo@dekalbcountyga.gov) if you have additional questions about the project.

We appreciate the patience and cooperation you exhibited during the completion of these improvements to DeKalb County's sewer collection system.
