

Residential Additions

Permit Guide

Three-Step Process to Complete Your Residential Addition

This permit includes accessory structures, porches, decks, room additions, second-story additions, garages, carports, and swimming pools

What to Know Before You Apply

- Contractor Registration:** Contractors must be licensed by the State of GA, have a GA business license, and have government-issued identification. The names on all licenses must match.
- Zoning Requirements:** Do you know the zoning of the property, all the building setbacks, and the maximum impervious surface allowed? Call the Division of Planning, at **404-371-2155**
- Building Heights:** Are you in a Residential Infill Overlay District (RIOD)? To find out, call the Division of Planning, at **404-371-2155**
- Historic District:** Are you in a historic district? To find out, call the Division of Planning, at **404-371-2155**
- Proof of Ownership:** If you purchased the home in the past calendar year, and your name does not yet appear in the tax records, then you must provide a Warranty Deed or proof of ownership
- Floodplain or Flood Damage:** If a building is in the floodplain, flood damaged, or if you need to verify floodplain status, call **404-371-2012**, or verify floodplain status at www.georgiadfirm.com
- Demolition:** If you have demolished a structure on your property, have you called for a final inspection? If not, call **404-371-3010** to schedule a final inspection
- Stream Buffer:** If your proposed addition is within 75 feet of a stream, make sure your plans comply with the DeKalb County Stream Buffer Ordinance. To find out more information, call **404-371-4718**
- Complete Applications:** Faster service is provided when customers submit complete applications. Knowing the information above ensures our staff will be able to provide excellent customer service

DEPARTMENT OF PLANNING & SUSTAINABILITY

STEP ONE – APPLICATION SUBMITTAL

Submit required documents, and pay all necessary fees via the [ePermits Portal](#)

Required Documents

- Building Permit Application:** This form is used for a variety of permit types. Complete every section that pertains to you. If the work is a repair to an existing home, only this form is required
- Environmental Requirements for Building Permits:** This form describes job site requirements related to erosion control and tree protection. Please be sure to sign and date the form to acknowledge your understanding of the requirements
- Energy Checklist for Compliance with the 2009 International Energy Conservation Code:** The builder must complete this form to certify the use of energy-saving building materials and appliances
- Tree Ordinance Exemption Form:** This form certifies that no trees will be removed during construction

Your project may also require the following documents:

- Are you a state-licensed contractor?** You will need to register with DeKalb County. Please bring your state license, government-issued ID, and your valid business license. The names on all licenses must match
- Are you a specialty contractor?** You will need to bring a valid business license
- Performing the work yourself?** You will need to personally submit a *Homeowner's Affidavit* to verify that you own and occupy the property
- Applying for a permit on behalf of a contractor?** You will need to complete an *Authorized Permit Agent Form*
- Located in a historic district?** If so, you will need a *Certificate of Appropriateness* to ensure that your improvements are consistent with historic guidelines. Call **404-371-2155**
- Building a second-story addition?** You will need an *Engineer's Letter* from a Georgia-licensed engineer detailing the ability of the existing structure and foundation to support new construction. The engineer will need to perform a site inspection to evaluate your home. Additional engineering reports may be required during construction
- Building a Pool?** You will need Board of Health approval, appropriate fencing, and an electrical permit. To reach the Board of Health, call **404-508-7900**
- Finishing a basement?** You will need a sketch (to scale) of the basement that shows two manners of egress from the building
- Does your home utilize a septic tank?** The Board of Health will have to authorize any residential addition. Contact them at 404-508-7900 for more information
- Repairing Fire Damage?** If you are repairing a building damaged in a fire, you will need the following:
 1. Copy of the Fire Incident Report. To obtain a copy of this fire report, you need to call 770-724-7740. The reports office is located at 1960 West Exchange Place, Room 203; Tucker, Georgia 30084
 2. An official letter showing the current tax-assessed value of the fire-damaged building. This letter can be secured from the DeKalb County Tax Assessors Office located at 120 West Trinity Place, Room 208 Decatur, GA 30030. Phone: 404-371-0841
 3. A letter showing the replacement cost of the damaged structure

DEPARTMENT OF PLANNING & SUSTAINABILITY

Payment of Fees (all fees are due upon application submittal)

- DeKalb County accepts Visa, MasterCard, checks, money orders, and cashier's checks. The County does not accept cash, American Express, Discover, or counter checks (checks without your name printed on it). **Make checks payable to "DeKalb County"**

STEP TWO – ELECTRONIC REVIEW AND APPROVAL

Submit required documents, and pay all necessary fees via the [ePlans](#)

- Site Plan:** A site plan is prepared by an engineer or surveyor registered in the state of Georgia. A site plan or survey may be up to ten years old, as long as the survey reflects all current improvements on the property and changes to the flood map. The site plan should contain the location of building site, property lines, all setbacks, the location of the proposed addition, erosion control measures, tree locations, flood plain, state waters, easements, and location of dumpster and port-o-let, as applicable. *For assistance developing your site plan, see the attached checklist for Erosion and Sediment Control*
- Zoning Review:** Zoning Officers will review your plans to ensure consistency with the Zoning Code. If your project is located in an Overlay District, your plans will be routed to the Planning Division. If your plans meet all zoning and overlay regulations, your plans will be routed to the Land Development Department. For more information. Call, **404-371-2155**
- Land Development Review:** The engineering staff will review your plan for buffers, floodplain, and other civil engineering issues
- Permit Approval:** When your permit is **APPROVED**, you will receive an ePlans notification to download it, along with the stamped plans. If your plans are **NOT APPROVED**, you will be required to make corrections and resubmit, via ePlans.

STEP THREE – INSPECTIONS AND CO

- POST YOUR PERMIT:** in a box, on-site and visible. If your permit or approved plan is not posted in the box, your inspection will not proceed. **If during construction you deviate from your original plans, you must apply for a Permit Revision, which requires plan sets, fees, and the process described above**
- Install your erosion control devices according to Best Management Practices (BMP's), as outlined in the Manual for Erosion and Sedimentation Control in Georgia
- Schedule BMP inspection prior to further land disturbance activity through the Inspection Request Line at **404-371-3010**
- After you have completed construction, schedule your required building inspections through the Inspection Request Line at **404-371-3010**
- Certificate of Occupancy (CO):** Once you pass all required inspections, you may obtain your CO from DeKalb Development Services. Send a copy of the front and back of the permit to Developinspections@dekalbcountyga.gov

ENVIRONMENTAL REQUIREMENTS FOR BUILDING PERMITS

The following environmental measures must be in place before permits will be issued.

1. Erosion control measures shall be adequate to protect saved trees on site, state waters, intermediate regional floodplain, drainage systems, required buffers, and adjacent properties, including county or state right-of-ways. ALL EROSION CONTROL MEASURES ARE TO BE INSTALLED AND MAINTAINED AT ALL TIMES UNTIL FINAL LANDSCAPING.
2. All required buffers and floodplains shall be clearly demarcated using sediment barriers and/or tree protection fencing. All state waters, buffers, and floodplains shall have a double row of type "C" silt fence along entire limits.
3. Tree protection fencing will be installed prior to any land disturbing activities, and maintained until final landscaping. No parking, storage, or other construction activities to occur within tree protection areas. Removal or damaged trees designated as save will result in a court summons and will require recompense with 4 inch caliper trees (number to be determined per incident).
4. Tree protection fence will be installed in such a way to adequately protect the critical root zone of all saved trees. Critical root zone means an area of root space that is within a circle circumscribed around the trunk of a healthy tree using a radius of one (1) foot per once (1) of a DBH. Exceptions to strict adherence may be made with prior approval from Environmental Plans Review & Inspections.
5. Prior issuance of the Certificate of Occupancy (CO), all disturbed areas will have a minimum of 90 vegetative cover using sod or other approved landscape materials. Coverage will be determined by viewing any square yard on site.
6. Site is to comply with the requirements of the tree ordinance. Cal (4047) 371-4913 for the Environmental Development Inspector at least 72 hours prior to requesting a Certificate of Occupancy.
7. No finished grade on the lot shall exceed 3:1 slope without prior approval.
8. No trash, building debris, or construction waste will be buried inadvertently on any building site.

I acknowledge that I have received and will comply with the requirements listed above, or a court summons and/or a stop work order can be issued.

Residential Zoning Review Checklist Addition to the Existing House

In an effort to improve our Zoning Review process and decrease the number of resubmittals in the Zoning Plans Review/Compliance Section, this checklist has been compiled. Please ensure that the information below is included on the site plan before submittal.

Please provide three (3) copies to an engineer's scale of the site plans with each house addition submittal.

_____ Complete the Building permit Application, Tree Form, Energy Form and Environment Form per the checklist.

_____ Write in the true owner (individual or entity) of the property. If the property has been sold recently, the Geographical Information Systems (G.I.S.) Department must update this information with a recorded or unrecorded deed. Staff will provide a handout with this information.

Note: Properties in an entity name would constitute having a contractor for the investment property. Moreover all investment properties require a contractor.

_____ If you are a homeowner (i.e., own the house and live, or will live in the house), you must complete the Homeowner's Affidavit Form.

_____ Limited Specialty Contractors may perform certain jobs, and General Contractors are required for structural changes pursuant to State Law 43-41 implemented July 1, 2008 under the authority of the State of Georgia Secretary of State Office. General Contractors have the following designations: RBC, RBI, RBQ, RLC, RLI, RLQ, GCC, GCI or GCQ.

_____ Basement finishes require a simple floor plan identifying the rooms (i.e., bedroom, bathroom, recreation room & etc.). Note: A section kitchen is not authorized.

_____ Converting an attached carport or garage to heated floor site require a review of the site per a site plan/survey to ensure the residential zoning district requirement of four (4) off-street parking spaces.

_____ Total square footage of the lot.*

_____ Actual addition to the house (size in square feet) should be entered on the Building Permit Application.

*** Note: Architectural plans are required in the field by the Building Inspectors, since the site plan/survey is only reviewed in the office.***

_____ A breakdown of the calculations for percentage of lot coverage (includes but not limited to buildings, driveways, decks, porches, etc.).

_____ Square footage of any accessory structures (existing or proposed).

_____ Existing easements and utilities.

_____ Average front setback based on adjacent lots within 75 feet of subject lot per Section 27-788(a).

_____ Actual height of proposed building(s).

DEPARTMENT OF PLANNING & SUSTAINABILITY

- _____ Accessory structures require a separate permit per Sections 7-30 and 27-731. Additionally, accessory structures height may not exceed 20 feet or the height of the existing principal structure, whichever is less, and shall comply with the requirements of the respective residential district.
- _____ Show the minimum lot standards required for the zoning districts in notes section.
- _____ Show sewer mains and sewer tap locations for the site. Indicate whether existing or proposed. If sewer main does not exist, please provide approval of a septic tank permit from the Health Department.
- _____ Show sidewalk locations and widths as approved on the final plat.
- _____ Note case number for any rezoning and rezoning conditions, special use, or variances on the site that relate to proposed addition. Depict any conditions associated with the property on the site plan.
- _____ Indicate whether the lot is **INFILL OVERLAY** district next to the name of the Subdivision or lot number.
- _____ Architectural, Landscape Architect, Engineer (Civil), and/or Land Surveyor's stamp, signature, and date on the site plan along with 24-hour contact information.

*Indicates information that should be contained in the general notes section of the site plan.

For more information, you may contact the Department of Planning & Sustainability Zoning Plans Review/Compliance Section at (404) 371-4915.
