

## **ROSEWOOD ROAD WATERLINE REPLACEMENT PROJECT**

### **Frequently Asked Questions**

#### **Q. What is the purpose of the Rosewood Road Waterline Replacement Project?**

A. The purpose of the Rosewood Road Waterline Replacement Project is to improve water quality and replace deteriorating infrastructure to meet current and future water demands.

#### **Q. When will the project begin and end?**

A. The project began on Monday, May 12, 2025, and will take approximately one year to complete, ending in Spring 2026.

#### **Q. What will be the work hours during construction?**

A. Normal construction hours will be from 7a.m. to 7p.m., Monday through Friday, excluding major holidays. In some cases, extended weekday hours, weekend work, or night work may be necessary.

#### **Q. Who will be impacted by this project?**

A. Approximately 150-200 residents will be impacted by this project. The project area is in DeKalb County along the following streets:

- Glenwood Road
- Farris Drive
- Derrill Drive
- Shamrock Drive
- Rosewood Road
- Laurel Lane
- S Columbia Place
- Columbia Place
- Amesbury Drive
- Glenco Drive
- Pinedale Place
- McAfee Road (between Rosewood and Columbia)

## **Rosewood Road Waterline Replacement Project FAQ – pg. 2**

### **Q. What work is planned during the Rosewood Road Waterline Replacement Project?**

A. There will be 16,900 linear feet (LF) of new 8-inch (in) and 12-inch (in) DIP water main installed, including service lines, hydrants, valves, pavement restoration and water meter box updates.

### **Q. What impacts, if any, will construction have on traffic in the surrounding community?**

A. Traffic flaggers and project signage will be in place to guide motorists safely through the construction area for the duration of the project.

### **Q. Will the construction require heavy lighting that may be disruptive?**

A. Most of the construction activities will be conducted during normal business hours of 7 a.m. to 7 p.m. If night work is needed, crews will use portable lights positioned to face away from any neighboring residences to eliminate any nuisances.

### **Q. Will I have to move my car if it's parked on the street during construction?**

A. Yes, property owners who live in the path of the construction site will receive notifications during designated construction days and hours. Residents may resume parking on the street after construction hours.

### **Q. Will this construction project cause noise in my community?**

A. For short periods of time construction noise may be caused by:

- Heavy equipment and construction truck traffic
- Material manipulation and storage
- Compacting
- Pavement Saw
- Jackhammering
- Drilling
- Excavation and backhoe
- Grading
- Paving
- Rock excavation

Crews will work diligently to eliminate construction-related noises before or after the scheduled construction hours.

## **Rosewood Road Waterline Replacement Project FAQ – pg. 3**

### **Q. What damage or impact can we anticipate for the project?**

A. There will be no impacts to landscaping. All the work will be performed in the road.

### **Q. Will water be cut off during this work?**

A. We do not anticipate any long-term impacts to your water service. At most, we would need to cut off water on a particular date/time. You will be notified 48-72 hours in advance of any shutoff.

### **Q. How many feet of construction can be done in a day?**

A. Under normal conditions, crews can lay 150 to 200 linear feet of pipe per day.

### **Q. When finished, will the entire road be repaved?**

A. New pavement will be installed on the portion of the road that was disturbed for construction.

### **Q. Will equipment be stored on street?**

A. Construction materials will be brought in as needed, daily.

### **Q. Will water meters be replaced?**

A. If needed, customers receiving a new meter will be notified with door hangers on their residences.

### **Q. Will we need to boil water or do anything different while this is going on?**

A. There will be no need to boil water or do anything different during construction. At the end of construction, there will be a brief service disruption while connecting to the new line. Notification of this activity will be distributed.

### **Q. When the trench is dug, will the dirt be stored on the street?**

A. No. Dirt will be trucked out daily.

### **Q. When the trench is covered, how much of the length of the project will have steel plates.**

A. There should never be more than 1000 feet of steel plate covering the trench.
