BUILDING PERMIT TREE PLAN EXEMPTION FORM

All building permit applications for new house construction require an accompanying tree plan to be submitted except:

- 1. Lots waived from the current code by the Board of Commissioners.
Waiver date: _____
- 2. Lots that meet the following criteria:
 - Parts of a larger subdivision where the development permit tree plan meets or exceeds the preservation and specimen tree recompense requirements.
 - Total preservation of all trees saved per the development permit tree plan to be maintained throughout the building phase.
 - There are no trees to be preserved within the bounds of the subject property.

Front yard trees per zoning district are required for all lots in compliance with the current tree ordinance.
