Please review the following information

Approval of this Certificate of Appropriateness does not release the recipient from compliance with all other pertinent county, state, and federal regulations.

Before making any changes to your approved plans, contact the preservation planner (404/371- 2155). Some changes may fall within the scope of the existing approval, but others will require review by the preservation commission. If work is performed which is not in accordance with your certificate, the Preservation Commission will issue a cease and desist order and you may be subject to other penalties including monetary fines and/or required demolition of the non-conforming work.

If your project requires that the county issue a Certificate of Occupancy at the end of construction, the preservation planner will need to inspect the completed project to ensure that the work has been completed in accord with the Certificate of Appropriateness. The review may be conducted either before or after your building inspection. If you will be requiring a Certificate of Occupancy, please notify the preservation planner when your project nears completion. If the work as completed is not the same as that approved in the Certificate of Appropriateness you will not receive a Certificate of Occupancy. You may also be subject to other penalties including monetary fines and/or required demolition of the non-conforming work.

If you do not commence construction within twelve months of the date of approval, your Certificate of Appropriateness will become void. You will need to apply for a new certificate if you still intend to do the work.

Please contact the preservation planner, David Cullison (404/371-2155), if you have any questions.

DEPARTMENT OF PLANNING & SUSTAINABILITY

How to Obtain a Certificate of Appropriateness

1. Contact the DeKalb County Department of Planning and Sustainability for an application form. You may pick this up at the DeKalb County Department of Planning and Sustainability, 330 West Ponce de Leon Avenue, Suite 300 floor, in Decatur, or you may make your request by mail, telephone (404) 371-2247, or fax (404) 371-2813, or visit the website at <http://www.dekalbcountyga.gov/planning-and-sustainability/planning-sustainability>.
2. Complete and submit the application. Please provide as much supporting material as possible, (plans, material, color samples, photos, etc.). Provide eight (8) collated sets of the application form and all supporting documentation. If plans/drawings are included, provide eight (8) collated sets on paper no larger than 11" x 17" and three (3) additional sets at scale. All documents submitted in hard copy must also be submitted in digital form (.pdf format). If all documents are not provided the application will not be complete and will not be accepted.
3. A sign will be provided when the Certificate of Appropriateness is accepted. The applicant must post the sign on the subject property in a visible location, no more than ten feet from the road, at least ten days before the meeting.
4. Applications will be reviewed by the DeKalb County Historic Preservation Commission at its monthly meeting. In most months, the Historic Preservation Commission meets on the third Monday at 7 p.m. at the Maloof Auditorium, 1300 Commerce Drive in Decatur. In unusual circumstances meeting dates and location may be changed.
5. The Historic Preservation Commission may approve, approve with modifications or deny an application. The applicant or any affected person as defined by county code may appeal the decision to the DeKalb County Board of Commissioners. Please contact the Department of Planning and Sustainability if you wish to file an appeal. The commission is required to make a decision on an application within 45 days of the date of filing, although this time can be extended if the applicant agrees to a deferral.
5. Although not required, applicants are encouraged to attend the Historic Preservation Commission meetings. Applicants may make presentations, but presentations are not required. The commissioners may have questions for the applicant.
7. Approval of a Certificate of Appropriateness does not release the recipient from compliance with all other county, state and federal regulations.

Revised 1/26/17

DEPARTMENT OF PLANNING & SUSTAINABILITY

Sign Posting Requirements for a Certificate of Appropriateness

The DeKalb County Code requires that citizens who may be affected by the approval of a Certificate of Appropriateness must be notified of the hearing where that decision will take place. The notification is accomplished by requiring the applicant to post one or more signs on the property for which a certificate of appropriateness is being considered. The sign gives the date, time, and location of the meeting and the telephone number of the county historic preservation planner. The sign must be posted no later than ten days before the date of the preservation commission meeting and must remain in place until after the meeting.

When an applicant submits an application for a Certificate of Appropriateness, the applicant must request a sign from the Planning Department. If the property is bounded by more than one public street, a sign must be posted facing each street. It is the applicant's responsibility to obtain and post the sign appropriately. If you file your application by mail or fax, you must make arrangements to pick up the sign.

The sign must be posted prominently in the center of the front yard, facing the street, and within ten feet of the street or sidewalk, although the sign may not be posted between the street and the sidewalk. It is best to attach the sign to a four-foot tall stake, but attaching it to an existing support is usually acceptable. The sign may not be posted inside a house except in the case of a purpose-built commercial structure where front yard posting is impossible or impractical.

The signs are made of relatively thin cardstock. They should either be waterproofed or additional support should be added. The sign may be laminated, covered with clear plastic, or secured to heavier backing, such as heavy cardboard or plywood. If the sign is destroyed or becomes illegible during the ten day posting period, the applicant must contact the historic preservation planner for a replacement sign, which must be posted as soon as possible.

If the sign is not posted, is not posted for the full ten day period, or is posted inappropriately, the DeKalb County Historic Preservation Commission may deny the application or may defer consideration of the application until the following month.

Design Checklist for a Certificate of Appropriateness

This checklist was created to help applicants prepare a complete application. Omissions and inaccurate information can lead to deferrals and/or denials of applications. Please review the checklist with the project's architect, designer, or builder. All items will not be applicable to all projects. New construction will involve all categories. Three copies of drawings at scale (plus nine reduced sets) should be submitted. Please address questions regarding applicability to your project to the DeKalb County Preservation Planner at 404-371-2155, e-mail dccullis@dekalbcountyga.gov. Applicants are also referred to the DeKalb County website, <http://www.dekalbcountyga.gov/planning-and-sustainability/planning-sustainability>.

Approved Site Plan and impervious calculations which was proposed for the home renovations

Architecture plans Dated – 06-21-2013

Renovations have been completed but driveway was not finished per design below

We are proposing at this time a full 10' to 13' wide concrete driveway rather than a Driveway with (2) - 2' wide bands with grass strips between as shown below. We plan to apply for a variance for an additional 5% at a total of 40% impervious area to allow for a complete concrete driveway that will be functional and will be uniform with the historic district. This design below does not work very well and will be a continuous problem to maintain.
