PURPOSE:

Application of Phoenix City Holdings, LLC c/o Battle Law P.C. to rezone property from R-100 (Residential Medium Lot-100) District to RSM (Small Lot Residential Mix) District to develop sixty-one single family attached townhomes at a proposed density of 5.94 units per acre. The property has 100 feet of frontage along Harvest Drive and contains 10.265 acres.

RECOMMENDATION:

COMMUNITY COUNCIL: NO QUORUM. NO RECOMMENDATION.

PLANNING COMMISSION: APPROVAL with added conditions

PLANNING STAFF: APPROVAL WITH CONDITIONS

STAFF ANALYSIS: The proposed request to rezone property from R-100 (Residential Medium Lot-100) District to RSM (Small Lot Residential Mix) District to construct 61 single family attached townhomes at a proposed density of 5.94 units per acre is compatible with the surrounding and adjacent properties and complies with the RSM district standards. The request to allow for the development of 61 single family attached townhomes is compatible with the Suburban (SUB) Character Area in the 2035 Comprehensive Land Use Plan and the following policies: density increases, infill development and residential protection. Therefore, it is the

recommendation of Planning and Sustainability Department that the rezoning from R-100 (Residential Medium Lot-100) District to RSM (Small Lot Residential Mix) District be, “Approved with Staff’s recommended conditions.”

PLANNING COMMISSION VOTE: APPROVAL 7-1-0; V. Moore moved, E. Patton seconded for approval with Staff's conditions, with two (2) added conditions: 1) There shall be a 35% rental cap; and 2) Establish an HOA. T. Snipes opposed.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: No quorum. No recommendation.

Recommended Conditions

Z-19-1243522

1. Subject property shall be developed with no more than 61 attached single-family townhomes per the site plan dated 8/19/19 submitted to the Planning and Sustainability Department on 9/5/2019.
2. Internal and external five-foot sidewalks and five-foot landscape strip along Harvest Drive.
3. The Land Development Division of the Department of Planning and Sustainability requires off street paved parking to ensure safe vehicle circulation.
4. Townhome facades shall be constructed with at least three sides brick, stacked stone, or masonry stucco excluding architectural decorative features.
5. Rental units shall be limited to 35%
6. There shall be a mandatory home owners association for this development in compliance with state law and the Code of DeKalb County.

SUBJECT PROPERTY

The subject site contains 10.265 acres of heavily wooded undeveloped land with just under 100 feet of frontage along Harvest Drive. The site is surrounded by a mixture of residential developments. Single family attached townhomes borders the western and southern boundary lines and single family detached homes borders the western and northern boundary lines. Multi-family apartments border the northeastern and east boundary lines.

ZONING HISTORY

The site is currently zoned R-100 (Residential Medium Lot-10) District.

ZONING ANALYSIS

The site is currently zoned R-100 (Residential Medium Lot-10) District. The subject application requests an amendment to the Official Zoning Map pursuant to Chapter 27, Article 7.3 of the DeKalb Code of Ordinances to rezone the entire 10.265-acre site to the RSM (Small Lot Residential Mix) District to allow for the development of 61 single family attached townhomes. The surrounding zoning west, south and east of the property is R-100 (Residential Medium Lot-100) District. Typically, R-100 permits only single-family detached homes. However due to a court order, single family attached townhomes borders the western and southern subject property and multi-family apartments borders east of the subject property. The zoning north of the subject property is split with MU-1 (Mixed Use Low Density) District which contains single-family detached homes and MR-1 (Medium Density Residential-1) District which contains multi-family apartments. The proposed rezoning to RSM (Small Lot Residential Mix) District would be compatible with the surrounding zoning and residential land uses.

The proposed rezoning to RSM (Small Lot Residential Mix) District is appropriate for this site given its consistency with the 2035 Comprehensive Land Use Plan which designates this within the Suburban (SUB) Character Area. The intent of the Suburban (SUB) Character Area is to recognize those areas of the county that have developed in traditional suburban land use patterns while encouraging new development to have increased connectivity and accessibility. The future land use for the surrounding properties to the west, south and east are all designated Suburban (SUB) Character Area. The future land use for the property north of the subject site is the Neighborhood Center (NC) Character Area. The proposed rezoning to RSM (Small Lot Residential Mix) District would be compatible with the future land use for both Suburban (SUB) and Neighborhood Center (NC) Character Area.

PROJECT ANALYSIS

The applicant requests to rezone the property from R-100 (Residential Medium Lot 100) District to RSM (Small Lot Residential Mix) District to allow the development of 61 single family attached townhomes at a density of 5.94 units per acre. The submitted site plan and renderings depicts two-story front-loaded townhomes with one and two car garages. The site plan shows a private road from Harvest Drive with open space, detention pond and a pavilion. The proposed lot size(s) will be a minimum of 25 ft in width. This will be consistent with the abutting lot sizes along the southern and western property lines which contain single family attached townhomes that varies from 22 ft to 25 ft in width. The applicant is proposing to achieve the 50% density bonus by providing 34.3% of the total site with open space by including trails, pocket parks, green space, and a pavilion.

Impact Analysis

Section 27-7.3.4 of the DeKalb County Code states that the following standards and factors shall govern the review of all proposed amendments to the Official Zoning Map.

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:

The 2035 Comprehensive Plan designates the subject site within the Suburban (SUB) Character Area. The intent of the Suburban (SUB) Character Area is to recognize those areas of the county that have developed in traditional suburban land use patterns while encouraging new development to have increased connectivity and accessibility. The proposed rezoning and development are compatible with the policy and intent of the 2035 Comprehensive Plan.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:

The proposed rezoning to the RSM (Small Lot Residential Mix) District to permit for the development of 61 single family attached townhomes at a proposed density of 5.4 units per acres is suitable given the adjacent Woodlands Townhome Community and surrounding mix of residential uses.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:

The site as currently zoned R-100 would be challenging in developing the minimum lots for single-family homes given the topography and lot configuration of the site. The current wooded lot does not provide a reasonable economic use as currently zoned.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:

The rezoning request to the RSM (Small Lot Residential Mix) District should not adversely affect the use or usability of adjacent and/or nearby residential properties along Harvest Drive.

E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:

The fact that there are single family attached townhomes adjacent to this property, provide supporting grounds for approval of the zoning request.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:

The proposed rezoning will not adversely affect historic buildings, sites, districts or archaeological resources.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

The zoning proposal to the RSM District to develop 61 townhomes would slightly increase traffic along Harvest Drive however the Department of Public Works Traffic Engineering found nothing that would disrupt traffic flow. The DeKalb County School District stated that this development would add 29 students to the following schools:

9 at Bob Mathis Elementary School, 4 at Chapel Hill Middle School, 8 at Southwest DeKalb High School and 8 at other DeKalb County School District schools. All three neighborhood schools have capacity for additional students.

The Land Development Division of the Department of Planning and Sustainability requires off street paved parking to ensure safe vehicle circulation.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

The rezoning proposal to the RSM district will not adversely impact the environment or surrounding natural resources.

COMPLIANCE WITH DISTRICT STANDARDS

Per the chart below, the proposed RSM (Residential Small Lot) single-family attached townhomes can comply with minimum development standards of the RSM (Residential Small Lot) District per Table 2.2 of the DeKalb County Zoning Ordinance.

RSM STANDARD	REQUIREMENT	PROPOSED	COMPLIANCE
MIN. LOT WIDTH	25 ft.	25 ft.	YES

STAFF RECOMMENDATION: APPROVAL WITH CONDITIONS

The proposed request to rezone property from R-100 (Residential Medium Lot-100) District to RSM (Small Lot Residential Mix) District to construct 61 single family attached townhomes at a proposed density of 5.94 units per acre is compatible with the surrounding and adjacent properties and complies with the RSM district standards. The request to allow for the development of 61 single family attached townhomes is compatible with the Suburban (SUB) Character Area in the 2035 Comprehensive Land Use Plan and the following policies: density increases, infill development and residential protection.

Therefore, it is the recommendation of Planning and Sustainability Department that the rezoning from R-100 (Residential Medium Lot-100) District to RSM (Small Lot Residential Mix) District be APPROVED along with staff's recommendation conditions.

1. Subject property shall be developed with no more than 61 attached single-family townhomes per the site plan dated 8/19/19 submitted to the Planning and Sustainability Department on 9/5/2019.
2. Internal and external five-foot sidewalks and five-foot landscape strip along Harvest Drive.
3. The Land Development Division of the Department of Planning and Sustainability requires off street paved parking to ensure safe vehicle circulation.

I. STATEMENT OF INTENT

The Applicant, Phoenix City Holdings, LLC, is seeking to rezone the 10.265 acres of undeveloped land located at 3792 Harvest Drive in unincorporated DeKalb County (the "Subject Property") from R-100 to RSM for the development of 61 townhomes at a density of 5.94 units per acre. The Subject Property has a land use designation of Suburban.

It is the Applicant's desire to develop 61 townhomes on the Subject Property. The interior units will be 1 car garage units, and the exterior units will be 2 car garage units. The 50% density bonus is achieved by the Applicant providing 34.3% enhanced open space with trails, pocket parks, a pavilion and lawn areas. The units will be a minimum of 25ft in width and will be two stories, with hardi-plank siding with brick, stone, cedar shake and/or other textured hard coat accent materials. The Subject Property will have internal sidewalks, as well as sidewalks along the frontage on Harvest Drive.

This document is submitted both as a Statement of Intent regarding this Application, a preservation of the Applicant's constitutional rights, and the Impact Analysis of this Application as required by the DeKalb County Zoning Ordinance. A surveyed plat and conceptual site plan of the Subject Property controlled by the Applicant has been filed contemporaneously with the Application, along with other required materials.

II. IMPACT ANALYSIS

- (a) Suitability of use: The proposed rezoning will permit uses that are suitable in view of the uses and developments adjacent and nearby the Subject Property. The Subject Property is abutted along its northern boundary by the Hancock Heights single family subdivision zoned MU-1, and the Chapel Park Condominium zoned MR-1. Northeast of the Subject

Property is Parkway Grand Apartment zoned R-100. Immediately South of the Subject Property is the Woodlands Townhome Community zoned R-100. Finally, West of the Subject Property is the Cherry Ridge single family subdivision zoned R-100. It is the Applicant's contention that the development of the Subject Property for townhomes is consistent with the abutting residential development, and will provide for new development in an area that has not seen any new development in over 20 years. The proposed development will allow for townhome units to be developed which are a step up in design and price points from the townhome units located in the Woodlands Townhome Community and the Chapel Park Condominium community.

- (b) Effect on adjacent property: The proposed development will have a positive impact on the surrounding community, as it will support the continued recovery of the area from the 2007 economic downturn which devastated South DeKalb. It is anticipated that the proposed units will have a sales price starting at \$175,000 and up. The development of the Subject Property as proposed will only benefit the surrounding properties which were built over 20 years ago and suffered significantly during the economic downturn.
- (c) Economic use of current zoning: The Subject Property has no use as currently zoned. The Subject Property has been undeveloped for in excess of 40 years. Prior to the current owner's acquisition of the Subject Property, the property was owned by Cornerstone Bank after it foreclosed on the prior owner of the Subject Property in August of 2011. Cornerstone Bank owned the property for 8 years with little to no interest being shown in the acquisition of the Subject Property.

- (d) Effect on public facilities: The Subject Property is in an area with public utility availability. The proposed rezoning will not cause excessive use of streets, transportation facilities, or utilities in the area.
- (e) Effect on historic building, sites, etc. The approval of this Application will not have any adverse impact on any historic buildings, sites, districts or archaeological resources in the area.
- (f) Compatibility with Comprehensive Land Use Plan. The Subject Property has a land use designation of Suburban and is abutted to the North by property with a land use designation of Neighborhood Commercial. The RSM zoning district is a permitted zoning district within the Suburban Land Use District and will support the policies to encourage housing diversity and the development of townhome units within the Suburban Land Use District.

IV. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning Application at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of DeKalb County so that such recommendations or input might be incorporated as conditions of approval of this Application. Please note that the Applicant's Notice of Constitutional Allegations and Preservation of Constitutional Rights have been submitted with this Application and are attached hereto and by this reference incorporated herein.

This 5th day of September, 2019.

Respectfully submitted,

Michele L. Battle, Esq.
Attorney For Applicant

NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

A refusal to allow the rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A. Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

What is a Community Meeting?

Community meetings are designed to inform the surrounding communities of current rezoning, and special land use permit applications. It's an opportunity for the community to learn about the proposed projects, ask questions, present concerns, and make suggestions. We take this opportunity to encourage you to come out and participate. Owner? Renter? Doesn't matter. All are welcome.
