File #: 2020-0314  
6/2/2020

File Status: Preliminary Item

Public Hearing: YES ☒ NO ☐  
Department: Planning & Sustainability

SUBJECT:
COMMISSION DISTRICT(S): 2 & 6  
Application of Luke Wemette to request a Special Land Use Permit (SLUP) for a proposed restaurant with a drive-through in a C-1 (Local Commercial) District in accordance Chapter 27, Article 4 of the DeKalb County Zoning Ordinance, Table 4.1., at 2550 Lawrenceville Highway.

PETITION NO: N5. SLUP-20-1243837 (2020-0314)

PROPOSED USE: Restaurant with a drive-through.

LOCATION: 2550 Lawrenceville Highway.

PARCEL NO: 18-146-02-081
INFO. CONTACT: Jeremy McNeil

PHONE NUMBER: 404-371-2155

PURPOSE:
Application of Luke Wemette to request a Special Land Use Permit (SLUP) for a proposed restaurant with a drive-through in a C-1 (Local Commercial) District in accordance Chapter 27, Article 4 of the DeKalb County Zoning Ordinance, Table 4.1. The property is located on the southwest corner of Lawrenceville Highway and Haralson Road, at 2550 Lawrenceville Highway, Decatur, Georgia. The property has frontage of 325 feet on Haralson Road, 601 feet on Lawrenceville Highway and contains 1.09 acres.

RECOMMENDATION:
COMMUNITY COUNCIL: Approval with a condition.

PLANNING COMMISSION: Pending.

PLANNING STAFF: Planning Staff Recommendation

STAFF ANALYSIS: The proposed restaurant with a drive-through lane is compatible with nearby commercial uses along Lawrenceville Highway. The site is in the Commercial Redevelopment Corridor Character Area where the proposed drive-through restaurant is consistent with the following policy and intent of the character area: creating mixed uses that offer a variety of retail and commercial services along Lawrenceville Highway. Therefore, it is the recommendation of Planning and Sustainability Department that the Special Land Use
Permit (SLUP) to allow a restaurant with a drive-through be “Approved, with conditions”.

PLANNING COMMISSION VOTE: Pending.

COMMUNITY COUNCIL VOTE/RECOMMENDATION: Approval with a condition (10-9-0) that there be no curb cut from Haralson Road.
RECOMMEND CONDITIONS SLUP-20-1243837

1. That the proposed restaurant with a drive-through lane shall be depicted on the site plan received by the Department of Planning and Sustainability dated 02/11/2020. Said site plan is conceptual and is subject to compliance with C-1 (Local Commercial) zoning standards and unless variances are obtained from appropriate regulatory authorities.

2. That there shall be no curb cuts on Harelson Road.

3. That a 50-feet transitional buffer shall be planted along the western boundary line of the site and shall adhere to the buffer planting and materials requirements as shown in Section 5.4.5 of the DeKalb County Zoning Ordinance.

4. The approval of this SLUP application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the Zoning Board of Appeals, or other entity.
Case No.: SLUP-20-1243837 \hspace{1cm} Agenda #: N.5

Location/Address: 2550 Lawrenceville Highway \hspace{1cm} Commission District: 04 \hspace{0.5cm} Super District: 06

Parcel ID: 18-146-02-081

Request: A Special Land Use Permit (SLUP) for a proposed drive-through restaurant in a C-1 (Local Commercial) District accordance Chapter 27, Article 4 of the DeKalb County Zoning Ordinance, Table 4.1.

Property Owner/Agent: Kadirali Chunara

Applicant/Agent: Luke Wemette – AXIS Infrastructure, LLC

Acreage: 1.09

Existing Land Use: Vacant

Surrounding Properties/Adjacent Zoning: North: R-75 (Residential Medium Lot) District and C-1 (Local Commercial) District; Detached Single Family Residences and JJ Express Car Wash. East: C-1 (Local Commercial) District; Atlanta Cancer Care/Northside Hospital. South: OI (Office Institutional); Office Building. West: R-75 (Residential Medium Lot) District; Detached Single Family Residences.

Comprehensive Plan: Commercial Redevelopment Corridor (CRC) \hspace{1cm} Consistent

Proposed Density: N/A \hspace{1cm} Proposed Square Ft.: N/A \hspace{1cm} Proposed Lot Coverage: 43.8%

Existing Density: N/A \hspace{1cm} Existing Units/Square Feet: N/A \hspace{1cm} Existing Lot Coverage: 50%
SUBJECT PROPERTY

The subject property is located on the northeast corner of Lawrenceville Highway and Haralson Road. The subject property contains 1.09 acres with approximately 119 feet of frontage along Lawrenceville Highway (Major Arterial) and approximately 325 feet of frontage along Haralson Road. The property currently contains a vacant building which was the former site of Bruster’s Ice Cream. The surrounding properties to the north across Haralson Road are detached single family residences and JJ Express Car Wash. The surrounding property to the south are office buildings. The property west of the subject property is a detached single family residence. Directly east of the subject property across Lawrenceville Highway is Atlanta Cancer Care/Northside Hospital.

ZONING HISTORY AND ANALYSIS

The site was previously zoned OI (Office Institutional) and was later rezoned to C-1 (Local Commercial) on August 24, 1999 pursuant to the following zoning conditions:

1. Use of the property as an ice cream restaurant.
2. Site plan not made a part of the application.
3. All requirements of the C-1 zoning classification must be met.

The southern property line abuts the OI (Office Institutional) zoning district. To the west of the subject site is the R-75 (Residential Medium Lot) zoning district. To the north, across Haralson Road, are R-75 (Residential Medium Lot) and C-1 (Local Commercial) zoning districts. Across Lawrenceville Highway, east of the subject property, is C-1 (Local Commercial) zoning district.

PROJECT ANALYSIS

The applicant is requesting a Special Land Use Permit (SLUP) to allow for a restaurant with a drive through lane in the C-1 (Local Commercial) District. The submitted site plan depicts a one story 1,040 square foot building with a drive through lane that provides one access point to the drive through window. The site plan also depicts 21 parking spaces along the northern, eastern, and southern parts of the structure with the addition of one handicap space. The existing sidewalk along Lawrenceville Highway will be maintained to provide pedestrian access to the restaurant. The existing ingress and egress from Lawrenceville will be maintained for entry/exit for the new proposed restaurant with a drive through lane.

This SLUP request to allow a drive through on the site is compatible with other commercial and retail uses along Lawrenceville Highway, as such Krystal and DQ which are located south along Lawrenceville Highway. The proposed restaurant with a drive-through lane must comply with the following supplemental regulations per Sec.27-4.2.23 of the DeKalb County Zoning Code:

a. Not located within sixty feet of a residentially zoned property.
b. Drive-through facility located on property greater than ten thousand square feet in area
c. Drive-through lanes and service windows serving drive-through lanes are located on the side and rear of building
d. No drive-through canopies according to site plan
e. Speaker boxes shall be directed away from any adjacent residential properties.

f. All lighting from drive-through facilities shall be shaded and screened to be directed away from adjacent residential property.

The subject property currently adjoins a R-75 (Residential Medium Lot) zoned property to the west and based on the County’s GIS the northern property line measures approximately 53 feet from the residentially zoned property to the north. A variance will be required in order to comply with the 60-feet separation distance.

IMPACT ANALYSIS

Section 27-7.4.6 of the DeKalb County Code states that the following criteria shall be applied in evaluating and deciding any application for a Special Land Use Permit.

A. Adequacy of the size of the site for the use contemplated and whether or not adequate land area is available for the proposed use including provision of all required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located:

Located on 1.09 acres, adequate land area is available to operate a restaurant with a drive-through lane. All required yards, open space, and off-street parking are satisfied within the C-1 (Local Commercial) District.

B. Compatibility of the proposed use with adjacent properties and land uses and with other properties and land uses in the district:

The proposed restaurant with a drive-through lane is compatible with nearby uses with drive through lanes, as such Krystal and DQ, which are located south along Lawrenceville Highway.

C. Adequacy of public services, public facilities, and utilities to serve the contemplated use:

Given that the area along Lawrenceville Highway is developed with various commercial and retail uses, it appears that there are adequate public streets and services are available for the proposed restaurant with a drive-through lane. DeKalb County Public Works – Water and Sewer notes that a sewer capacity evaluation will be required prior to any sewer connection approval.

D. Adequacy of the public street on which the use is proposed to be located and whether or not there is sufficient traffic carrying capacity for the proposed use, so as not to unduly increase traffic or create congestion in the area:

Lawrenceville Highway is a major arterial and Haralson Road is a local street. DeKalb County Department of Public Works -Traffic Engineering found that the proposed use would not disrupt traffic flow. DeKalb County Department of Public Works – Transportation requires 50-foot right of way dedication from centerline, six-feet sidewalks, bike lanes and streetlights along Lawrenceville Highway and 27.5-feet right of way dedication from centerline, five-feet sidewalks, bike lanes and streetlights along Haralson Road.

E. Whether or not existing land uses located along access routes to the site will be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use.

The character of the vehicles nor traffic generated by the restaurant with a drive-through lane will not adversely impact existing land uses along access routes to the site.
F. Adequacy of ingress and egress to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency:

Based on the submitted site plan, there is one access point to the site with street frontage along Lawrenceville Highway. Emergency vehicles can access the site safely from this one access point. According to the site plan, it appears traffic will flow in a circular pattern to access the drive-through lane and available parking spaces.

G. Whether or not the proposed use would create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration that would be generated by the proposed use:

The proposed restaurant with a drive-through lane should not create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust or vibration.

H. Whether or not the proposed use would create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use:

The hours of operation for the proposed restaurant with a drive-through lane should not create adverse impacts upon adjoining land uses. Based on the submitted materials, the restaurant will operate seven days a week from 5:00 a.m. to 10 p.m.

I. Whether or not the proposed use will create adverse impacts upon any adjoining land use by reason of the manner of operation of the proposed use.

The manner of operation for the proposed restaurant with a drive-through lane should not create adverse impacts upon adjoining land uses.

Whether or not the proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

Restaurants with a drive-through lane are a permitted use within the C-1 (Local Commercial) District with a Special Land Use Permit (SLUP).

J. Whether or not the proposed use is consistent with the policies of the comprehensive plan.

Located within the Commercial Redevelopment Corridor (CRC) Character Area designated by the DeKalb County 2035 Comprehensive Plan, the proposed restaurant with a drive-through lane is consistent with the following area policy: infill development by utilizing vacant properties in the neighborhood as an opportunity for infill development of compatible structures.

K. Whether or not the proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.

The proposed restaurant with a drive-through lane will abut R-75 (Medium Residential Lot) District to the west. A 50-foot transitional buffer will be required.

L. Whether or not there is adequate provision of refuse and service areas.

Adequate provision of refuse areas will be provided on site.

M. Whether the length of time for which the special land use permit is granted should be limited in duration:

There does not appear to be any compelling reasons for limiting the duration of the requested Special Land Use Permit.

N. Whether or not the size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings.
The proposed one-story restaurant with a drive-through lane is compatible in size and massing of adjacent and nearby commercial buildings in the area.

O. Whether the proposed use will adversely affect historic buildings, sites, districts, or archaeological resources.

The proposed restaurant with a drive-through lane will not adversely affect historic buildings, sites, districts, or archaeological resources.

P. Whether the proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.

The proposed restaurant with a drive-through lane complies with all except (a.) of the following supplemental regulations per Sec.27-4.2.23 of the DeKalb County Zoning Code:

a. Not located within sixty feet of a residentially zoned property.

b. Drive-through facility located on property greater than ten thousand square feet in area

c. Drive-through lanes and service windows serving drive-through lanes are located on the side and rear of building

d. No drive-through canopies according to site plan

e. Speaker boxes shall be directed away from any adjacent residential properties.

f. All lighting from drive-through facilities shall be shaded and screened to be directed away from adjacent residential property.

A variance will be required in order to comply with 60 feet separation distance.

R. Whether or not the proposed use will create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.

The proposed one-story restaurant with a drive-through lane does not create a negative shadow impact on any adjoining lot or building.

S. Whether the proposed use would be consistent with the needs of the neighborhood or the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objective of the comprehensive plan.

The proposed restaurant with a drive-through lane provides a service to the community and is compatible with existing commercial development in the area. The proposed use complies with the overall objectives of the comprehensive plan by creating mixed uses that offer a variety of retail and commercial services and amenities along Lawrenceville Highway.

**COMPLIANCE WITH DISTRICT STANDARDS**

The site zoned C-1 (Local Commercial) District must comply with minimum development standards per Article 2 – Table 2.2 Non-Residential Zoning Districts Dimensional Requirements of the DeKalb County Zoning Ordinance.

**STAFF RECOMMENDATION:**

The proposed restaurant with a drive-through lane is compatible with nearby commercial uses along Lawrenceville Highway. The site is in the Commercial Redevelopment Corridor Character Area where the proposed drive-through restaurant is consistent with the following policy and intent of the character area: creating mixed uses that offer a variety of retail and commercial services along Lawrenceville Highway. Therefore, it is the recommendation of Planning and Sustainability Department that the Special Land Use Permit (SLUP) to allow a restaurant with a drive-through be **APPROVED** with conditions.

1. That the proposed restaurant with a drive-through lane shall be depicted on the site plan received by the Department of Planning and Sustainability dated 02/11/2020. Said site plan is conceptual and is subject to compliance with C-1 (Local Commercial) zoning standards and unless variances are obtained from appropriate regulatory authorities.
2. That there shall be no curb cuts on Haralson Road.
3. That a 50-feet transitional buffer shall be planted along the western boundary line of the site and shall adhere to the buffer planting and materials requirements as shown in Section 5.4.5 of the DeKalb County Zoning Ordinance.
4. The approval of this SLUP application by the Board of Commissioners has no bearing on the requirements for other regulatory approvals under the Zoning Board of Appeals, or other entity.

Please provide additional information relating to the following statement.

According to studies conducted by the Institute of Traffic Engineers (ITE) 67th Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residential, on the other hand, would generate ten (10) VTE’s per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS:

Plans and field reviewed. No problem that would interfere with traffic flow.

Public Works Water and Sewer

Case No.: SLUP-20-1243837
Parcel I.D. #: 18-146-02-081
Address: 2550 Lawrenceville Highway
Decatur, Georgia

Water:
Size of existing water main: 24" CS, Water Main (adequate/inadequate)
Distance from property to nearest main: Adjacent to Property
Size of line required, if inadequate: N/A

Sewer:
Outfall Servicing Project: South Fork Peachtree Creek Basin
Is sewer adjacent to property: Yes ( ) No (X) If no, distance to nearest line: Approximately 692 feet Northeast of
property
Water Treatment Facility: R M Clayton WTF ( ) adequate ( ) inadequate
Sewage Capacity: 4 (MGPD) Current Flow: 127 (MGPD)

Comments:

* Please note that the sewer capacity has not been reviewed or approved for this project. A Sewer Capacity Request (SCR)
must be completed and submitted for review. This can be a lengthy process and should be addressed early in the process.

(See attachment)

Signature: [Signature]
I am fine with approving these with the below condition to each one:
1. sewer capacity is not guaranteed. Sewer Capacity Evaluation will be required prior to any sewer connection approval.
2. All water connections/lines must be to 8" WL. Upgrades may be required by applicant (and at applicant’s cost) to proceed with development.

Thank you! 😊

DeKalbCountyGA.gov
The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

DEVELOPMENT ANALYSIS:

- **Transportation/Access/Row**
  Consult the Georgia DOT as well as the DeKalb County Transportation Department prior to land development permit. Verify widths from the centerline of the roadways to the property line for possible right-of-way dedication. Improvements within the right-of-way may be required as a condition for land development application review approval. Safe vehicular circulation is required. Paved off-street parking is required.

- **Storm Water Management**
  Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

- **Flood Hazard Area/Wetlands**
  The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations.

- **Landscaping/Tree Preservation**
Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**
  
  State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75’ undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

- **Fire Safety**
  
  Plans for land development permit must comply with Chapter 12 DeKalb County Code for fire protection and prevention.
N1 & N2 - Panthersville Road is classified as a minor arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 40 foot right of way dedication from centerline required (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance.

N3. Memorial Drive is a state route. GDOT review and approval required prior to permitting. Memorial Drive is classified as a major arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Midway Road is classified as a collector. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 35 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance.

N4. See chapter 5 of the zoning code- traffic study required. 448 units requires more access points. See section 14-200 of the land development code. Memorial Drive is a state route. GDOT review and approval. Memorial is classified as a major arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you varyances for bike lanes, I suggest you request this as part of zoning. Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance.

N5. Lawrenceville Hwy is a state route classified as a major arterial. GDOT review and approval. Lawrenceville Hwy is classified as a major arterial. GDOT review and approval. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you varyances for bike lanes, I suggest you request this as part of zoning. Haralson Rd is classified as a local road. 5 foot sidewalks, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 27.5 feet right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance
based on AASHTO standards- provide sign and sealed engineer’s study of sight distance.
N6. East Conley Rd is classified as a collector. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you variances for bike lanes, I suggest you request this as part of zoning. Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance.
N7. East Conley Rd is classified as a collector. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you variances for bike lanes, I suggest you request this as part of zoning. Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance.
N8. North Druid Hills Road is classified as a major arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance. Ensure that the driveway either lines up with the Knob Hill or is at the appropriate offset in section 14-200 of the land development code. Interior road to be privately maintained.
N9. Stephenson Road is classified as a collector road. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 35 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance. For more that 150 units, the code requires two access points. I would like more details on the proposed super entrance, but would generally support a variance for the extra 10 lots with the addition of sidewalk along the entire frontage and along the frontage of the Calvary Church within the existing ROW.
N10. Sherrydale Ln is classified as a local road. 5 foot sidewalks, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 27.5 feet right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Interior streets to remain private.
N11. No comment
N12. No comment
N13. This appears to be a DRI. As I recall, the county can not take any zoning actions until the traffic study is submitted and reviewed by the regional partners, including ARC, GDOT and GRTA. Taking action on this item can put our federal transportation funding at risk. If this is not considered to be a DRI, I would still need a traffic study completed to make appropriate zoning comments to identify necessary improvements. Transportation has currently applied for federal funding to complete road diets on Mountain Drive (state route) and Kensington Road. In addition, we have applied for federal
funding to wrap this development area in a multiuse path to promote development and multi-modal connectivity. Memorial Drive and Covington Hwy are state routes classified as major arterials. GDOT review and approval required prior to permitting. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Mountain Drive is a state route classified as a collector. GDOT review and approval required prior to permitting. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 35 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Kensington Road is classified as a minor arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: hefowler@dekalbcountyga.gov) and 40 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer’s study of sight distance. Watch driveway offsets required in Section 14-200 of the land development code (existing and already permitted driveways). This will be more units than the code allows. Intersection improvements and upgrades to protect capacity (median islands) will most likely be required. At a minimum: analyze roundabouts as design solutions for driveway access on Mountain and Kensington, provide enhanced pedestrian crossings on Kensington and Mountain, provide direct pedestrian accommodations from the sidewalks on public right of way to the entrances of the development. N14 & N15- This should all be packaged with the DRI in N13. See comments on N13.

Re: Rezone Application Review  

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for:
- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter’s concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

Revised: 2/1/11
SPECIAL LAND USE PERMIT CHECKLIST

(Submit 4 COMPLETE, COLLATED, HARDCOPY SETS AND 1 SET IN PDF FORMAT ON FLASH DRIVE OR CD)

✓ 1. Mandatory Pre-Application Conference with Planning & Sustainability staff. Pre-Application form to be completed in pre-application meeting. Please call (404) 371-2155 to schedule pre-app conference.

✓ 2. Hold a Pre-Submit Community Meeting with surrounding neighborhood associations and residents. Notify staff in advance of date, time, and location of meeting. Provide documentation (i.e., meeting notice, sign-in sheets, letter(s) from homeowners associations).

✓ 3. Application Form. Form must be completely filled out and be the first page of the packet.

✓ 4. Notarized Authorization Form, if the applicant is not the owner of the subject property, which
   a. is signed and notarized by all owners of the subject property;
   b. contains the mailing address and phone number of any applicant or agent who is authorized to represent the owner(s) of the subject property; and
   c. includes a warranty deed, if ownership is less than 2 consecutive years.

✓ 5. Written Legal Description of subject property, in metes and bounds.

✓ 6. Boundary Survey (showing existing buildings, structures, and improvements), prepared and sealed within the past ten years by a professional engineer or land surveyor registered in the State of Georgia, consistent with the plat(s) on the Official Tax Record. Applicant shall certify that the Boundary Survey is complete and currently accurate. Site plans shall be drawn to scale showing all proposed development or redevelopment projects, proposed buildings, structures, and improvements. Site plans must include the following:
   a. Complete boundaries of subject property including curb cuts, internal vehicular circulation facilities, and sidewalks;
   b. Location of buildings, structures, setback lines, buffer lines, and parking;
   c. Location of any 100-year floodplains, streams, and stream buffer lines;
   d. Notation of the total acreage or square footage of the subject property;
   e. Landscaping, trees, open space, and undisturbed buffers;
   f. Notation of building square footages and heights, residential density calculations, existing and proposed lot coverage, required and proposed parking, and open space calculations;
   g. Copies of site plans:
      1. Full-size site plans (at least 11" x 17"): 4 copies, folded.
      2. Site plan reduced to 8 ½" x 11": 4 copies

✓ 7. Building Elevations, renderings or details of materials proposed for compliance to Article 5, Ordinance

✓ 8. Letter of Application identifying the proposed zoning classification, the reason for the rezoning request, the existing and proposed use of the property, and detailed characteristics of the proposed use (i.e., floor area, height of building, number of units, mix of unit types, hours of operation, etc). Include any statement of conditions agreed upon by the applicant.

✓ 9. Written documented, detailed analysis of the impact of the proposed zoning map amendment with respect to each of the standards and factors specified in Article 7.

✓ 10. Campaign disclosure statement, if applicable, to be filed in compliance with State law.

✓ 11. Application fee - $400.00. Payable to DeKalb County.

INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED

If subject property is made up of parcels located on opposite sides of a public street, a separate application is required for each parcel.

To Whom It May Concern:

This letter accompanies the required submission documents to request a Special Land Use Permit (SLUP) for the property located at 2550 Lawrenceville Highway in Decatur. The current 1.09-acre site is the location of an old Brewster restaurant with an existing drive-thru. The building is currently vacant. My client would like to redevelop the site and building into a Dunkin Donuts & Baskin Robins Co-branded building with the continued use of the drive thru. The site is zoned C-1, the proposed redevelopment meets the zoning conditions of the 1999 rezoning – Z99056.

The project scope includes the renovation and expansion of the existing building. The proposed building is a co-branded Dunkin Donuts & Baskin Robins with public restrooms and interior seating. The scope of the site work includes a regraded parking lot with reduced slopes, a new drive thru lane and further improvements to bring the site into full ADA compliance. The ADA improvements include new sidewalks, ADA parking stall and an ADA sidewalk connection to the existing sidewalk along Lawrenceville Highway. The existing driveway off Lawrenceville highway will remain.

If you have any questions or would like to discuss in further detail, please contact me at 678.395.4920.

Sincerely,

Luke Wemette PE
February 26th, 2020

Dekalb County
Department of Planning & Sustainability
330 W. Ponce de Leon Ave.
Decatur, GA 30030

To Whom It May Concern:

This letter is in reference to the property located at 2550 Lawrenceville Highway in Decatur. This letter accompanies the Special Land Use Application to redevelop the current site into a Dunkin Donuts & Baskin Robins co-branded building. Below is the impact analysis criteria that is being met by this development:

- The size of the site is adequate for the use contemplated. All the required yards, open space, off-street parking, and all other applicable requirements of the zoning district in which the use is proposed to be located are met.

- The proposed use is compatibility with adjacent properties and land uses and with other properties and land uses in the district.

- The site has adequate public services, public facilities, and utilities to serve the proposed use.

- The public street on which the use is proposed to be located is adequate. Lawrenceville highway has sufficient traffic-carrying capacity for the use proposed so as not to unduly increase traffic and create congestion in the area. The existing use is the same as what is being proposed.

- Existing land uses located along access routes to the site will not be adversely affected by the character of the vehicles or the volume of traffic generated by the proposed use. The existing use is the same as what is being proposed.

- The existing ingress and egress is adequate to the subject property and to all proposed buildings, structures, and uses thereon, with particular reference to pedestrian and automotive safety and convenience, traffic flow and control, and access in the event of fire or other emergency. No changes to the existing curb cut to Lawrenceville highway is proposed.

- The proposed use will not create adverse impacts upon any adjoining land use by reason of noise, smoke, odor, dust, or vibration generated by the proposed use. The existing use is the same as what is being proposed.
- The proposed use will not create adverse impacts upon any adjoining land use by reason of the hours of operation of the proposed use. The existing use is the same as what is being proposed.

- The proposed use is otherwise consistent with the requirements of the zoning district classification in which the use is proposed to be located.

- The proposed use is consistent with the policies of the comprehensive plan.

- The proposed use provides for all required buffer zones and transitional buffer zones where required by the regulations of the zoning district in which the use is proposed to be located.

- The use has proposed adequate provisions of refuse and service areas.

- The length of time for which the special land use permit is granted should not be limited in duration.

- The size, scale and massing of proposed buildings are appropriate in relation to the size of the subject property and in relation to the size, scale and massing of adjacent and nearby lots and buildings.

- The proposed use will not adversely affect historic buildings, sites, districts, or archaeological resources.

- The proposed use satisfies the requirements contained within the supplemental regulations for such special land use permit.

- The proposed use will not create a negative shadow impact on any adjoining lot or building as a result of the proposed building height.

- The proposed use would be consistent with the needs of the neighborhood or the community as a whole, be compatible with the neighborhood, and would not be in conflict with the overall objective of the comprehensive plan.

If you have any questions or would like to discuss in further detail, please contact me at 678.395.4920.

Sincerely,

Luke Wemette PE
DISCLOSURE OF CAMPAIGN CONTRIBUTION

In accordance with the Conflict of Interest in Zoning Act, OCGA Chapter 36-67A, the following questions must be answered.

Have you, the applicant, made $250.00 or more in campaign contribution to a local government official within two years immediately preceding the filing of this application?

Yes [ ] No [X] *

If the answer is yes, you must file a disclosure report with the governing authority of DeKalb County showing:

1. The name and official position of the local government official to whom the campaign contribution was made.

2. The dollar amount and description of each campaign contribution made during the two years immediately preceding the filing of this application and the date of each such contribution.

The disclosure must be filed within 10 days after the application is first filed and must be submitted to the C.E.O. and to the Board of Commissioners of DeKalb County, 1300 Commerce Drive, Decatur, GA 30030
