**PURPOSE:**

Application of Diane H. McCorvey c/o Battle Law, P.C. to rezone property from R-85 (Residential Medium Lot) District to RSM (Residential Small Lot Mix) District to develop five urban single detached units at a density of 6.01 units per acre. The property is located south of North Druid Hills Road, approximately 83 feet east of Briaroaks Trail, at 2573 North Druid Hills Road, Atlanta, Georgia. The property has a frontage of approximately 100 feet and contains approximately .797 acre.

**RECOMMENDATION:**

**COMMUNITY COUNCIL:** Approval.

**PLANNING COMMISSION:** Pending.

**PLANNING STAFF:** Full-Cycle-Deferral.

**STAFF ANALYSIS:** The proposed rezoning of the from R-85 (Residential Medium Lot) District to RSM (Small Lot Residential Mix) District will be compatible with the surrounding and adjacent zoning districts. However, the applicant will need to provide detail elevations to ensure the development is consistent with the overall aesthetics of the surrounding area. Therefore, it is the recommendation of Planning and Sustainability

## **SITE ANALYSIS**

The subject property has approximately .0797 acres and has approximately 101.77 feet of street frontage along North Druid Hills Road. The property is currently vacant with a one-story frame house along with mature trees. To the north of the subject property across North Druid Hills road are detached single family residences on R-60 (Residential Small Lot) and RSM (Residential Small Lot Mix) zoned properties. Directly east and south is the location of the *Druid Forest* apartment complex on RSM (Residential Small Lot Mix) zoned property. West of the subject property are attached single family residences on RSM (Residential Small Lot Mix) zoned property.

## **ZONING HISTORY**

Based on DeKalb County records, it appears that the zoning of the property has not changed from R-85 (Residential Medium Lot) District since the adoption of the first zoning ordinance and map in 1956.

## **ZONING ANALYSIS**

The site is currently zoned R-85 (Residential Medium Lot). The proposed RSM (Residential Small Lot Mix) zoning district is appropriate for the site given its consistency with the 2035 Comprehensive Future Land Use Map which designates this site within the Suburban (SUB) Character Area. The intent of the Suburban (SUB) Character Area is to recognize areas in the DeKalb County that have been developed in traditional suburban land use patterns while encouraging new development to increased connectivity and accessibility.

Per section 27-2.12.1(A)(B) of the DeKalb County Zoning ordinance, the intent of the RSM (Residential Small Lot Mix) zoning district is to provide for the creation of residential neighborhoods that allow a mix of single-family attached and detached housing options, and to provide flexibility in design and product on the interior of new development while protecting surrounding neighborhoods. Since the subject property is surrounded by RSM zoned properties to the east, south, west, and partially north as well as mix housing types the proposed RSM zoning district will be compatible with adjacent and surrounding uses of the subject property.

## **PROJECT ANALYSIS**

Per the submitted application and site plan, the applicant is requesting to rezone the subject from R-85 (Residential Medium Lot -85) District to RSM (Small Lot Residential Mix) District to develop five detached urban single family structures at a density of 6.01 units per acre. Urban single family structures are detached dwelling units located on small lots. Urban single-family structures share similar configurations to townhouse developments; however, they are detached and may have lot lines that coincide with the building envelope.

The proposed density is a result of a density bonus based on the eligibility and percent shown in section 27-2.12.5-Table 2.6 of the DeKalb County zoning ordinance that allows the maximum allowed density on RSM (Small Lot Residential Mix) District zoned property to increase above the base max. The RSM (Small Lot Residential Mix) zoning district requires the applicant to provide a maximum of four units per acre. The applicant is proposing a 70% increase from the base max (20% for public improvements, and 50% for additional enhanced open space) since the applicant will providing public art and a pocket park.

Based on the submitted site plan, there will only be one access into the development from North Druid Hills Road. The applicant will provide a 22-foot private street with a 40-foot access and utility easement, a five-foot sidewalk and a four-foot landscape strip at the entrance of the development that will extend along the northern boundary line, and a 27-foot fire truck turnaround lane. The applicant will install a privacy fence along the perimeter of the development.

Based on the submitted site plan, the proposed five urban single-family detached structures will be front loaded from the proposed 22-foot private street. The applicant will provide 25 parking spaces (four spaces per unit- two in garage and two in driveway). Out of those 25 parking spaces 20 spaces are dedicated to the proposed five urban single family detached structures, and five spaces are dedicated to the mail kiosk as well as guest parking.

Other amenities will include a pocket park at the entrance and rear of the development, a fire pit, and a pet waste and receptacle station at the rear of the development.

## **IMPACT ANALYSIS**

**Section 27-7.3.4 of the DeKalb County Code states that the following standards and factors shall govern the review of all proposed amendments to the Official Zoning Map.**

**A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan:**

The 2035 Comprehensive Plan designates the subject site within the Suburban (SUB) Character Area. The Suburban (SUB) Character Area is identified as areas with low pedestrian orientation, limited transit access, scattered civic buildings, and curvilinear street patterns. The proposed rezoning and development is compatible with the policy and intent of the 2035 Comprehensive Plan.

**B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties:**

The proposed rezoning to the RSM (Small Lot Residential Mix) District will allow for the development five detached urban single family structures at a density of 6.01 units per acre and will be compatible with adjacent and surrounding uses of the subject properties.

**C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned:**

The subject property has minimal use as currently zoned R-85 (Residential Medium Lot). As the only R-85 (Residential Medium Lot) parcel surrounded by townhomes three-story condominium buildings, the redevelopment of the Subject Property for another single detached home is not marketable, or viable. The proposed rezoning, however, will allow for a marketable use of the Subject Property.

**D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property:**

The rezoning request to the RSM (Small Lot Residential Mix) District should not adversely affect the use or usability of adjacent and/or nearby residential properties along North Druid Hills.

**E. Whether there are other existing or changing conditions affecting the use and development of the property, which give supporting grounds for either approval or disapproval of the zoning proposal:**

The site is surrounded by residential zoned properties. The proposed rezoning to RSM is consistent with the Suburban (SUB) Character Area policies identified by the 2035 Comprehensive Plan.

**F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources:**

There are no known historic buildings, sites, districts or archeological resources that would be adversely affected by the rezoning request to the RSM District.

**G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:**

The DeKalb County Public Works—Roads and Drainage Division did not see any concerns.

Per the DeKalb County Department of Public Works – Transportation Division requires that the applicant provide six-foot sidewalks, bike lanes, street lights, and 50 feet of right-of-way dedication from centerline or the amount needed for all public infrastructure. The applicant must ensure the driveway has an intersection and stopping sight distance based on AASHTO standards and that the driveway either lines up with the Knob Hill or is at the appropriate offset. Also, all interior roads must be privately maintained.

**H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.**

The request for RSM zoning on the site should not adversely impact the environment or surrounding natural resources. The applicant will be required to go through the Land Disturbance Permitting (LDP) process to ensure the tree preservation standards and storm water management standards requirements are met.

**COMPLIANCE WITH DISTRICT STANDARDS PER TABLE 2.4:**

Property zoned for RSM (Small Lot Residential Mix) must comply with minimum development standards per Article 2 – Table 2.4 Medium and High-Density Residential Zoning Districts Dimensional Requirements of the DeKalb County Zoning Ordinance.

RSM STANDARD	REQUIREMENT	PROPOSED	COMPLIANCE
LOT WIDTH (minimum)	25 FEET	101.77 FEET	YES
LOT AREA (minimum)	1,000 SQUARE FEET	34,705 SQUARE FEET (0.797 acres)	YES

MINIMUM UNIT SIZE	1,200 SQUARE FEET	2,260 SQUARE FEET	YES
DWELLING UNITS PER ACRE	4 – 8	6	YES
FRONT BUILDING SETBACK	20 FEET	18 FEET	No. Applicant will need to apply for a variance.
SIDE BUILDING SETBACK	0 FEET WITH MINIMUM 3 FEET SEPARATION BETWEEN BUILDINGS	0 FEET WITH 3 FEET SEPARATION BETWEEN THE PROPOSED STRUCTURES	YES
REAR SETBACK	20 FEET	18 FEET	No. Applicant will need to apply for a variance.
HEIGHT	3 STORIES OR 45 FEET	3 STORIES OR 45 FEET	YES
PARKING – ARTICLE 6	4 SPACES PER UNIT-2 IN GARAGE AND 2 IN DRIVEWAY.	25 SPACES	YES

OPEN SPACE	MINIMUM 20%	30%	YES
------------	-------------	-----	-----

**STAFF RECOMMENDATION: FULL CYCLE DEFFERALL**

The proposed rezoning of the from R-85 (Residential Medium Lot) District to RSM (Small Lot Residential Mix) District will be compatible with the surrounding and adjacent zoning districts. However, the applicant will need to provide detail elevations to ensure the development is consistent with the overall aesthetics of the surrounding area. Therefore, it is the recommendation of Planning and Sustainability Department that the rezoning from R-85 (Residential Medium Lot) District to RSM (Small Lot Residential Mix) District be DEFFERED. However, if an approval is granted then staff recommends approval subject to the following conditions:

1. That the proposed development shall not exceed 5 detached urban single-family structures and shall be developed in accordance per the site plan dated and submitted on May 8, 2020.
2. That a landscape screening should be planted along the southern boundary line and the trees shall grow between 20-30 feet.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7<sup>TH</sup> Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1, 000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the \_\_\_\_\_ square foot place of worship building would generate \_\_\_\_\_ vehicle trip ends, with approximately \_\_\_ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the \_\_\_\_\_ (Single Family Residential) District designation which allows a maximum of \_\_\_ units per acres, and the given fact that the project site is approximately \_\_\_ acres in land area, \_\_\_ daily vehicle trip end, and \_\_\_ peak hour vehicle trip end would be generated with residential development of the parcel.

I am fine with approving these with the below condition to each one:

1. sewer capacity is not guaranteed. Sewer Capacity Evaluation will be required prior to any sewer connection approval.
2. All water connections/lines must be to 8" WL. Upgrades may be required by applicant (and at applicant's cost) to proceed with development.

## DEKALB COUNTY GOVERNMENT PLANNING DEPARTMENT DISTRIBUTION FORM

The following areas below may warrant comments from the Development Division. Please respond accordingly as the issues relate to the proposed request and the site plan enclosed as it relates to Chapter 14. You may address applicable disciplines.

### DEVELOPMENT ANALYSIS:

- **Transportation/Access/Row**

Consult the Georgia DOT as well as the DeKalb County Transportation Department prior to land development permit. Verify widths from the centerline of the roadways to the property line for possible right-of-way dedication. Improvements within the right-of-way may be required as a condition for land development application review approval. Safe vehicular circulation is required. Paved off-street parking is required.

- **Storm Water Management**

Compliance with the Georgia Stormwater Management Manual, DeKalb County Code of Ordinances 14-40 for Stormwater Management and 14-42 for Storm Water Quality Control, to include Runoff Reduction Volume where applicable is required as a condition of land development permit approval. Use Volume Three of the G.S.M.M. for best maintenance practices. Use the NOAA Atlas 14 Point Precipitation Data set specific to the site.. Recommend Low Impact Development features/ Green Infrastructure be included in the proposed site design to protect as much as practicable the statewaters and special flood hazard areas.

- **Flood Hazard Area/Wetlands**

The presence of FEMA Flood Hazard Area was not indicated in the County G.I.S. mapping records for the site; and should be noted in the plans at the time of any land development permit application. Encroachment of flood hazard areas require compliance with Article IV of Chapter 14 and FEMA floodplain regulations.

- **Landscaping/Tree Preservation**

Landscaping and tree preservation plans for any building, or parking lot must comply with DeKalb County Code of Ordinances 14-39 as well as Chapter 27 Article 5 and are subject to approval from the County Arborist.

- **Tributary Buffer**

State water buffer was not reflected in the G.I.S. records for the site. Typical state waters buffer have a 75' undisturbed stream buffer and land development within the undisturbed creek buffer is prohibited without a variance per DeKalb County Code of Ordinances 14-44.1.

- **Fire Safety**

Plans for land development permit must comply with Chapter 12 DeKalb County Code for fire protection and prevention.

N1 & N2- Panthersville Road is classified as a minor arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 40 foot right of way dedication from centerline required (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance.

N3. Memorial Drive is a state route. GDOT review and approval required prior to permitting. Memorial Drive is classified as a major arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Midway Road is classified as a collector. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 35 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance.

N4. See chapter 5 of the zoning code- traffic study required. 448 units requires more access points. See section 14-200 of the land development code. Memorial Drive is a state route. GDOT review and approval. required prior to permitting. Memorial is classified as a major arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you variances for bike lanes, I suggest you request this as part of zoning. Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance.

N5. Lawrenceville Hwy is a state route classified as a major arterial. GDOT review and approval. required prior to permitting. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you variances for bike lanes, I suggest you request this as part of zoning. Haralson Rd is classified as a local road. 5 foot sidewalks, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 27.5 feet right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance

based on AASHTO standards- provide sign and sealed engineer's study of sight distance.

N6. East Conley Rd is classified as a collector. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you variances for bike lanes, I suggest you request this as part of zoning. Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance.

N7. East Conley Rd is classified as a collector. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). If you variances for bike lanes, I suggest you request this as part of zoning. Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance.

N8. North Druid Hills Road is classified as a major arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance. Ensure that the driveway either lines up with the Knob Hill or is at the appropriate offset in section 14-200 of the land development code. Interior road to be privately maintained.

N9. Stephenson Road is classified as a collector road. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 35 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance. For more that 150 units, the code requires two access points. I would like more details on the proposed super entrance, but would generally support a variance for the extra 10 lots with the addition of sidewalk along the entire frontage and along the frontage of the Calvary Church within the existing ROW.

N10. Sherrydale Ln is classified as a local road. 5 foot sidewalks, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 27.5 feet right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Interior streets to remain private.

N11. No comment

N12. No comment

N13. This appears to be a DRI. As I recall, the county can not take any zoning actions until the traffic study is submitted and reviewed by the regional partners, including ARC, GDOT and GRTA. Taking action on this item can put our federal transportation funding at risk. If this is not considered to be a DRI, I would still need a traffic study completed to make appropriate zoning comments to identify necessary improvements. Transportation has currently applied for federal funding to complete road diets on Mountain Drive (state route) and Kensington Road. In addition, we have applied for federal

funding to wrap this development area in a multiuse path to promote development and multi-modal connectivity. Memorial Drive and Covington Hwy are state routes classified as major arterials. GDOT review and approval. required prior to permitting. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 50 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Mountain Drive is a state route classified as a collector. GDOT review and approval required prior to permitting. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 35 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Kensington Road is classified as a minor arterial. 6 foot sidewalks, Bike lanes, Street lights (SL Engineer: [hefowler@dekalbcountyga.gov](mailto:hefowler@dekalbcountyga.gov)) and 40 feet of right of way dedication from centerline or the amount needed for all public infrastructure (Sidewalks, bike lanes, lanes, street lights) required, whichever greater (see Land Development Code 14-190 and Zoning Code page 5-14). Ensure driveway has intersection and stopping sight distance based on AASHTO standards- provide sign and sealed engineer's study of sight distance. Watch driveway offsets required in Section 14-200 of the land development code (existing and already permitted driveways). This will be more units than the code allows. Intersection improvements and upgrades to protect capacity (median islands) will most likely be required. At a minimum: analyze roundabouts as design solutions for driveway access on Mountain and Kensington, provide enhanced pedestrian crossings on Kensington and Mountain, provide direct pedestrian accommodations from the sidewalks on public right of way to the entrances of the development. N14 & N15- This should all be packaged with the DRI in N13. See comments on N13.

Re: Rezone Application Review

General Comments:

DeKalb County Health Regulations prohibit use of on-site sewage disposal systems for

- multiple dwellings
- food service establishments
- hotels and motels
- commercial laundries
- funeral homes
- schools
- nursing care facilities
- personal care homes with more than six (6) clients
- child or adult day care facilities with more than six (6) clients
- residential facilities containing food service establishments

If proposal will use on-site sewage disposal, please contact the Land Use Section (404) 508-7900.

Any proposal, which will alter wastewater flow to an on-site sewage disposal system, must be reviewed by this office prior to construction.

This office must approve any proposed food service operation or swimming pool prior to starting construction.

Public health recommends the inclusion of sidewalks to continue a preexisting sidewalk network or begin a new sidewalk network. Sidewalks can provide safe and convenient pedestrian access to a community-oriented facility and access to adjacent facilities and neighborhoods.

For a public transportation route, there shall be a 5ft. sidewalk with a buffer between the sidewalk and the road. There shall be enough space next to sidewalk for bus shelter's concrete pad installation. Recommendation: Provide trash can with liner at each bus stop with bench and monitor for proper removal of waste.

Since DeKalb County is classified as a Zone 1 radon county, this office recommends the use of radon resistant construction.

**What is a Community Meeting?**

Community meetings are designed to inform the surrounding communities of current rezoning, and special land use permit applications. It's an opportunity for the community to learn about the proposed projects, ask questions, present concerns, and make suggestions. We take this opportunity to encourage you to come out and participate. Owner? Renter? Doesn't matter. All are welcome.

## **I. STATEMENT OF INTENT**

The property at 2573 North Druid Hills Road, Atlanta, Unincorporated Dekalb County, GA (the “Subject Property”) is a .797 acre tract of land that is currently zoned R-85 with a land use designation of Suburban. The Subject Property is improved with a one-story frame house built in 1952. The Subject Property is currently under contract for sale, and the prospective purchaser desires to rezone the Subject Property from R-85 to RSM for the development of five urban detached units at a gross density of 6.01 acre per acre. The Subject Property has a land use designation of Suburban.

This document is submitted both as a Statement of Intent regarding this Application, a preservation of the Applicant’s constitutional rights, and the Impact Analysis of this Application as required by the DeKalb County Zoning Ordinance. A surveyed plat and conceptual site plan of the Subject Property controlled by the Applicant has been filed contemporaneously with the Application, along with other required materials.

## **II. IMPACT ANALYSIS**

- (a) Suitability of use: The proposed rezoning will allow for the development of residential lots at a density that is suitable for the area considering the existing uses and zoning classifications in the area. The Subject Property is an infill lot located on North Druid Hills Road, which is a major arterial road. The Briaroaks Subdivision, which abuts the western boundary of the Subject Property, is a townhome community developed in the early 1980s which is zoned RSM. Abutting the eastern boundary of the Subject Property is the Druid Forrest Condominium Community also built in the early 1980s, which is zoned RSM. North of the Subject Property is the Emory Place townhome community built in the

early 2000s which is zoned RSM, and the Minton Hall single family detached subdivision built in the mid-2000s, which is zoned R-60. Therefore, the rezoning of the Subject Property to RSM for the development of townhome units is a suitable use for the Subject Property, as it is consistent with the surrounding uses.

- (b) Effect on adjacent property: The proposed development will have a positive impact on the surrounding community for several reasons. First, the development of the Subject Property will provide for a use that is more suitable for the area. The current 1 story frame house is out of character in terms of types of residential development which surrounds the lot, and the type of development recently built in the area. Therefore, the rezoning and redevelopment of the Subject Property will continue to support the values in the area, and the attractiveness of the area. Second, the development of the Subject Property will increase sight visibility for those making left turns from the Druid Forrest Subdivision, where sight visibility is challenged by the overgrowth on the Subject Property, including three trees located along the front property line of the Subject Property.
- (c) Effect on public facilities: The Subject Property is in an area with public utility availability. The proposed rezoning will not cause excessive use of streets, transportation facilities, or utilities in the area.
- (d) Economic use of current zoning: The Subject Property has minimal use as currently zoned R-85. As the lone R-85 parcel surrounded by townhomes and three-story condominium buildings, the redevelopment of the Subject Property for another single detached home is not marketable, or viable. The proposed rezoning, however, will allow for a marketable use of the Subject Property.

- (e) Effect on historic building, sites, etc. The approval of this Application will not have any adverse impact on any historic buildings, sites, districts or archaeological resources in the area.
- (f) Compatibility with Comprehensive Land Use Plan. The Subject Property has a land use designation of Suburban which supports the RSM zoning district.

#### **IV. CONCLUSION**

For the foregoing reasons, the Applicant respectfully requests that the Land use Amendment Application at issue be approved. Please note that the Applicant's Notice of Constitutional Allegations and Preservation of Constitutional Rights have been submitted with this Application and are attached hereto and by this reference incorporated herein.

This 28<sup>th</sup> day of April, 2020.

Respectfully submitted,

---

Attorney For Applicant

NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF  
CONSTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

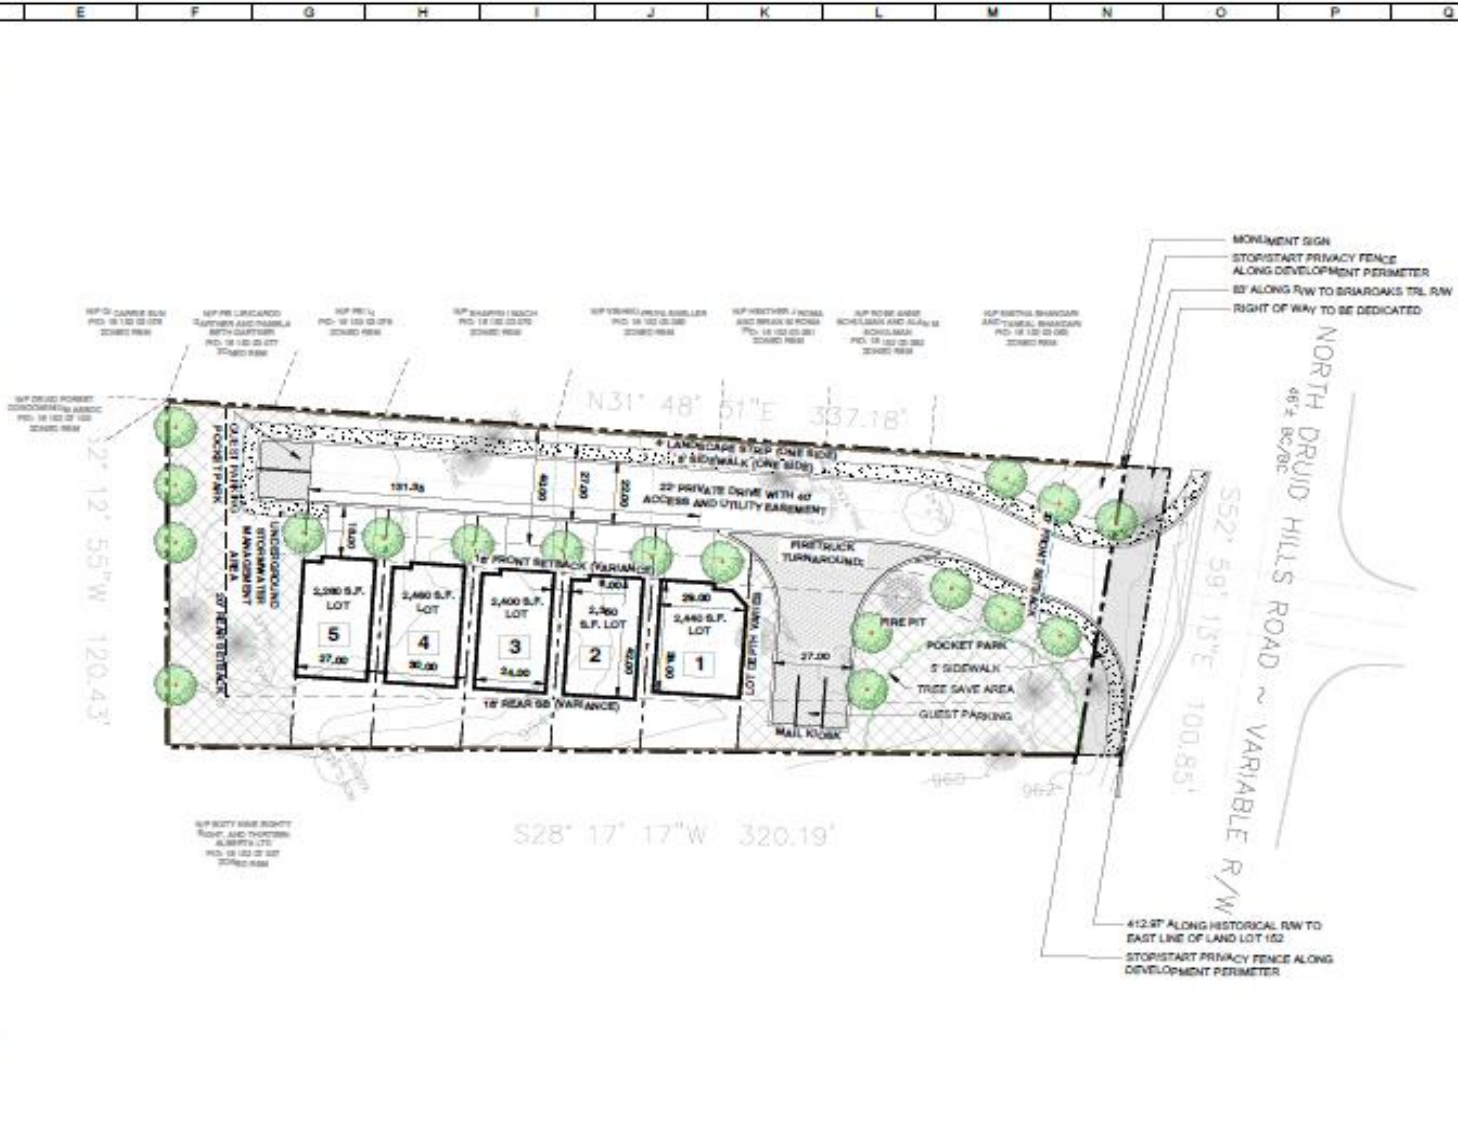

A refusal to allow the rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A. Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.
