Parcel ID: 16-062-02-008

Request: To rezone property from R-100 (Residential Medium Lot) District to C-1 (Local Commercial) District for the development of a self-storage facility in conjunction with adjacent C-1 (Local Commercial) zoned property located at 5636 Redan Road.

Property Owner/Applicant: Arpon, LLC

Applicant's Agent: Battle Law, P.C.

Acreage: 1.6 Acres

Existing Land Use: Single-Family Residence

Surrounding Properties Adjacent Zoning: East, west and south of the site along Redan Road are various retail, commercial and institutional uses zoned C-2 (General Commercial). Adjacent to the site along the west property line is property zoned C-1 (Local Commercial) pursuant to CZ-18-22137 and approved for general retail, commercial and office uses.

Comprehensive Plan: **Suburban (SUB)** **Consistent** **Inconsistent**

Proposed Storage Facility Square Ft.: 81,250 Square Feet	Existing Building Sq. Footage: None
Proposed Lot Coverage: 53.5%	Existing Lot Coverage: None

SUBJECT SITE & ZONING HISTORY

Per the submitted survey, the site consists of a vacated one-story wood frame building consisting of approximately 1,100 square feet. The remainder of the site consists of very mature and dense vegetation. Access is via a long driveway from an existing curb cut on Redan Road. The character of the area immediately surrounding the site consists of various commercial and institutional uses. The site is located behind existing auto related businesses (tire sales and auto repair) and places of worship (Judah House of Praise and Atlanta Restoration Breakthrough Ministries) fronting on Redan Road. Further west at the intersection of Redan Road and Panola Road is a strip commercial plaza with various retail uses and CITGO gas station with convenience store.

The subject site was zoned R-100 (Residential Medium Lot) District with the adoption of the DeKalb County Zoning Code in 1956. Adjacent to the site along the west property line is C-1 (Local Commercial) District zoned property pursuant to CZ-18-22137 for general retail, commercial and office uses. Prohibited uses included all uses listed as prohibitive within Tier 2 of the Greater Hidden Hills Overlay District. Properties fronting on Redan Road are zoned C-2 (General Commercial) District without conditions.

ZONING ANALYSIS

The request is to rezone the subject 1.6-acre tract from R-100 (Residential Medium Lot) District to the C-1 (Local Commercial) District for the development of a self-storage facility in connection with the adjacent zoned C-1 property west of the site. The applicant is also requesting companion case (CZ-20-1243623) to modify approved conditions on the adjacent property which prohibits development of a self-storage facility.

Per the DeKalb Zoning Ordinance, the purpose of the R-100 District is to provide for the protection of neighborhoods within the county where lots have a minimum area of 15,000 square feet and to provide for compatible infill developments in neighborhoods. The subject site does not abut any other R-100 zoned properties in the area. The triangular site bordered by the Georgia Railroad along the east property line and commercial zoned properties on the south west property lines. The requested C-1 (Local Commercial) District would allow uses compatible with existing zoned and developed commercial uses along Redan Road.

Chapter 27-Article 7.3.5. Standards and factors governing review of proposed amendments to the Official Zoning Map. The following standards and factors are found to be relevant to the exercise of the county's zoning powers and shall govern the review of all proposed amendments to the Official Zoning Map:

A. Whether the zoning proposal is in conformity with the policy and intent of the comprehensive plan.

Located within a Suburban Character Area designated by the 2035 Comprehensive Plan, the rezoning request to the C-1(Local Commercial) District is consistent with the following Plan Policy: Non-residential development in suburban areas shall be limited to small-scale convenience goods/services to meet the needs of surrounding residents. Small scale non-residential development shall be limited to qualifying intersections (Collector roadway and above). Redan Road is a minor arterial.

B. Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property or properties.

The rezoning request for C-1 (Local Commercial) District is suitable in view of adjacent and nearby commercial uses along Redan Road.

C. Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.

Given that the site is bordered by commercial zoned properties and the Georgia Railroad, the site may not have a reasonable economic use as currently zoned R-100 (Residential Medium Lot) District.

D. Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property or properties.

The approval of the C-1 district on the subject site will not affect the existing use or usability of adjacent or nearby commercial properties.

E. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.

There are no single-family detached residences in the immediate surrounding area that would give supporting grounds for disapproval of the C-1 rezoning request.

F. Whether the zoning proposal will adversely affect historic buildings, sites, districts, or archaeological resources.

The proposed rezoning request should not have an adverse effect on historic buildings, sites, districts, or archaeological resources.

G. Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

Redan Road becomes a two-lane minor arterial in front of the site. The proposed use will have no impact on area schools, existing streets, transportation facilities or utilities.

H. Whether the zoning proposal adversely impacts the environment or surrounding natural resources.

The rezoning proposal to the C-1 district should not adversely impact the environment or surrounding natural resources.

PROJECT ANALYSIS

Per the submitted letter-of-intent and other submitted documentation, the goal is to develop a self-storage building in conjunction with the adjacent commercial zoned property west of the site. The site plan submitted to the Planning and Sustainability Department on October 31, 2019, depicts the combined 6.53-acre parcel split into two tracts: (Tract A & Tract B). Tract A as shown on the submitted site plan consists of 0.96 acres within the Greater Hidden Hills Overlay District. The vacant Tract A has frontage on Redan Road and is designated for future commercial development. Tract B consists of 5.57 acres and depicts development of the self-storage facility. The proposed facility consists of seven buildings: Building A (a first level and a full basement consisting of 22,000 square feet each); Building B consisting of 8,300 square feet; Building C consisting of 6,800 square feet; Building D consisting of 5,300 square feet; Building E consisting of 2,000 square feet; Building F consisting of 1,200 square feet and Building G consisting of 13,650 square feet. The total proposed building square footage for the self-storage facility is 81,250 square feet. Access to the self-storage facility is via a proposed curb cut on Redan Road.

According to studies conducted by the Institute of Traffic Engineers (ITE) 6/7TH Edition (whichever is applicable), churches generate an average of fifteen (15) vehicle trip end (VTE) per 1,000 square feet of floor area, with an eight (8%) percent peak hour factor. Based on the above formula, the _____ square foot place of worship building would generate _____ vehicle trip ends, with approximately _____ peak hour vehicle trip ends.

Single Family residence, on the other hand, would generate ten (10) VTE's per day per dwelling unit, with a ten (10%) percent peak hour factor. Based on the above referenced formula, the _____ (Single Family Residential) District designation which allows a maximum of _____ units per acres, and the given fact that the project site is approximately _____ acres in land area, _____ daily vehicle trip end, and _____ peak hour vehicle trip end would be generated with residential development of the parcel.

COMMENTS:

Did not see any traffic engineering concerns at this time.

Application for to Amendment Official Zoning Map

by

ARPON, LLC

for

1.6 ± Acres of Land
located at

Land Lot 62, 16th District, DeKalb County

Submitted for Applicant by:

Michèle L. Battle, Esq.
Battle Law, P.C.
One West Court Square, Suite 750
Decatur, GA30030

I. STATEMENT OF INTENT

The Applicant, Arpon, LL, is seeking to rezone a 1.6-acre tract of land located at 5672 Redan Road from R-100 to C-1 for the development of a Self-Storage Facility in connection with the property located at 5636 Redan Road (the "Adjacent Property") , which is zoned C-1 pursuant to CZ18-22137. The Subject Property is located within the Suburban Land Use District is developed with a one-story house. Simultaneously with this Application, the Applicant has applied for a Major Change of Conditions Application to amend the conditions which currently prohibit the development of a Self-Storage Facility on the Adjacent Property.

II. SUBJECT PROPEYTY

The Subject Property is located off of an alley way behind Judah House of Praise at 5670 Redan Road, a Cell Tower property at 5674 Redan Road, and property owned by Ace Homes, LLC which appears to be used as an automobile repair facility at 5680 Redan Road. All of the properties to the entrance of 5672 Redan Road are zoned C-2 and are located within Tier II of the Greater Hiddens Hills Overlay District. The Subject Property IS NOT located within the Overlay District. While the house built in 1940, is zoned R-100, it is clear from the area photos of the property, and the pictures taxes by the County's Appraiser, that the Subject Property is not being used strictly for residential usage. The cars from the property at 5680 Redan Road are parked in front of and to the east of the improvements located on the Subject Property. It appears as if the Subject Property and the property at 5680 Redan Road are being used jointly for a junk yard or some type of repair facility, as the cars are also located within the Redan right of way in no orderly fashion. This area is in desperate of cleaning up, and we believe that the proposed rezoning of the Subject Property, will make a major dent in cleaning up this area, along with the County's code enforcement officers.

Based on the information obtained, it is questionable as to whether there is running water and sewer connected to the Subject Property. There is a reported stench to the property which suggests that there are sewage issues on the Subject Property. The Applicant is seeking to acquire the Subject Property, work with code enforcement to get the vehicles currently located on the Subject Property removed and clean up the area. This would go a long way toward the revitalization of the Subject Property and area leading up to the Subject Property.

In connection with the review of this Application, the Applicant is the proposed zoning conditions attached hereto as Exhibit "A" which are substantially consistent with the conditions currently imposed on the Adjacent Property.

III. IMPACT ANALYSIS

- (a) Suitability of use: The proposed application will permit uses that are suitable in view of the uses and developments adjacent and nearby the Subject Property. The Subject Property is surrounded by C-1 and C-2 uses South, East and West of the Subject Property. The northeastern boundary of the Subject Property abuts the railroad. The uses on Redan Road include an older strip center, with gas pumps, automobile repair facilities,

beauty salons and the DeKalb County Fire Station. A new Waffle House and Family Dollar are slated to be opened on the western boundary of the Subject Property off of Panola Road. As stated above, the properties which line the street up to the Subject Property are zoned C-2. Therefore, the proposed use is consistent with the existing and proposed uses in the area.

- (b) Effect on adjacent property: The use of the Subject Property as contemplated in this Application will have no adverse impact on the adjacent property owners. The proposed use will allow for the development of this undeveloped parcel which has become a dumping ground. The proposed use will bring more presence along the street, and as well as security cameras to assist with making the area safer. The proposed improvements will have a positive impact on the redevelopment of the street, and the surrounding area.
- (c) Economic use of current zoning: The Subject Property has no use as currently zoned R-100. The area in which the Subject Property is located is 100% commercial, with C-2 properties and C-1 properties abutting the Subject Property, along with the railroad tracks. The Subject Property is no longer suitable for residential use, and based on the current state of the Subject Property which is overloaded with cars, it is clear that the Subject Property is being used for more than residential purposes.
- (d) Effect on public facilities: The Subject Property is in an area with public utility availability. The proposed rezoning will not cause excessive use of streets, transportation facilities, utilities, or schools in the area.
- (e) Effect on historic building, sites, etc. The approval of this Rezoning Application will not have any adverse impact on any historic buildings, sites, districts or archaeological resources in the area.
- (f) Environmental Impact. The approval of this Rezoning Application will not result in any adverse environmental impact.
- (g) Conformity with Comprehensive Plan or Land Use Plan: The Subject Property has a land use designation of Suburban. Rezoning the Subject Property to C-1 is consistent with both the Suburban Land Use Designation, as well as with the Neighborhood Center designation for the Adjacent Property.
- (h) Others: The following constitutional allegations are given in order to preserve the rights of the Applicant to appeal any adverse decisions that may be rendered by DeKalb County with respect to this Application:

NOTICE OF CONSTITUTIONAL ALLEGATIONS AND PRESERVATION OF CONTITUTIONAL RIGHTS

The portions of the DeKalb County Zoning Ordinance, facially and as applied to the Subject Property, which restrict or classify or may restrict or classify the Subject Property so as to prohibit its development as proposed by the Applicant are or would be unconstitutional in that they would destroy the Applicant's property rights without first paying fair, adequate and just compensation for such rights, in violation of the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States and Article I, Section I, Paragraph I of the Constitution of the State of Georgia of 1983, Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and would be in violation of the Commerce Clause, Article I, Section 8, Clause 3 of the Constitution of the United States.

The application of the DeKalb County Zoning Ordinance to the Subject Property which restricts its use to any classification other than that proposed by the Applicant is unconstitutional, illegal, null and void, constituting a taking of Applicant's Property in violation of the Just Compensation Clause of the Fifth Amendment to the Constitution of the United States, Article I, Section I, Paragraph I, and Article I, Section III, Paragraph I of the Constitution of the State of Georgia of 1983, and the Equal Protection and Due Process Clauses of the Fourteenth Amendment to the Constitution of the United States denying the Applicant an economically viable use of its land while not substantially advancing legitimate state interests.

A denial of this Application would constitute an arbitrary irrational abuse of discretion and unreasonable use of the zoning power because they bear no substantial relationship to the public health, safety, morality or general welfare of the public and substantially harm the Applicant in violation of the due process and equal protection rights guaranteed by the Fifth Amendment and Fourteenth Amendment of the Constitution of the United States, and Article I, Section I, Paragraph I and Article I, Section III, Paragraph 1 of the Constitution of the State of Georgia.

A refusal by the DeKalb County Board of Commissioners to amend the land use and/or rezone the Subject Property to the classification as requested by the Applicant would be unconstitutional and discriminate in an arbitrary, capricious and unreasonable manner between the Applicant and owners of similarly situated property in violation of Article I, Section I, Paragraph II of the Constitution of the State of Georgia of 1983 and the Equal Protection Clause of the Fourteenth Amendment to the Constitution of the United States. Any rezoning of the Property subject to conditions which are different from the conditions requested by the Applicant, to the extent such different conditions would have the effect of further restricting Applicant's utilization of the property, would also constitute an arbitrary, capricious and discriminatory act in zoning the Subject Property to an unconstitutional classification and would likewise violate each of the provisions of the State and Federal Constitutions set forth hereinabove.

A refusal to allow the land use amendment and/or rezoning in questions would be unjustified from a fact-based standpoint and instead would result only from constituent opposition, which would be an unlawful delegation of authority in violation of Article IX, Section II, Paragraph IV of the Georgia Constitution.

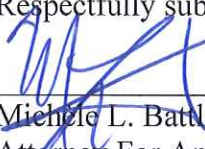

A refusal to allow the land use amendment and/or rezoning in question would be invalid inasmuch as it would be denied pursuant to an ordinance which is not in compliance with the Zoning Procedures Law, O.C.G.A Section 36-66/1 et seq., due to the manner in which the Ordinance as a whole and its map(s) have been adopted.

The existing land use designation and/or zoning classification on the Subject Property is unconstitutional as it applies to the Subject Property. This notice is being given to comply with the provisions of O.C.G.A. Section 36-11-1 to afford the County an opportunity to revise the Property to a constitutional classification. If action is not taken by the County to rectify this unconstitutional land use designation and/or zoning classification within a reasonable time, the Applicant is hereby placing the County on notice that it may elect to file a claim in the Superior Court of DeKalb County demanding just and adequate compensation under Georgia law for the taking of the Subject Property, diminution of value of the Subject Property, attorney's fees and other damages arising out of the unlawful deprivation of the Applicant's property rights.

IV. CONCLUSION

For the foregoing reasons, the Applicant respectfully requests that the Rezoning Application at issue be approved. The Applicant also invites and welcomes any comments from Staff or other officials of DeKalb County so that such recommendations or input might be incorporated as conditions of approval of this Application.

Respectfully submitted,

Michelle L. Battle
