**Subject: Statler Drive Waterline Replacement Project**

Dear Resident/Homeowner,

As part of DeKalb County's \$2.4 billion capital improvement program, the Department of Watershed Management (DWM) will be improving the capacity and service of the Watershed systems serving your community. The **Statler Drive Waterline Replacement Project**, has been designed to improve the watershed system in your community.

This letter serves as formal notification that construction activities associated with this project will begin **Monday, November 8**. Normal construction hours will be from **8 a.m. to 5 p.m., Monday through Friday, excluding major holidays**. Property owners will be notified in advance of significant changes in scheduled work hours.

Please be advised to expect an **increase in construction-related noise and traffic during work hours**. Property owners will be notified 48 to 72 hours prior to the start of impactful construction activities. Our construction crews will work diligently to minimize the length of impact to residents.

Crews will replace 11,625 linear feet of crumbling infrastructure with new 8" ductile iron pipes, replace 219 water meters, and install 28 new fire hydrant installations. ***The line repair project is expected to last approximately 5-7 months, barring any weather delays.***

**T & J Construction**, working on behalf of DeKalb County, is the authorized contractor for the **Statler Drive Waterline Replacement Project**. All workers will be wearing proper identification and driving marked vehicles.

Should you have any questions or concerns regarding the **Statler Drive Waterline Replacement Project**, please do not hesitate to contact the DWM Project Information line at 1-800-986-1108 or email [projectinfo@dekalbcountyga.gov](mailto:projectinfo@dekalbcountyga.gov).

We appreciate your patience as we work diligently to make improvements to DeKalb County's watershed system.
